Town puts all its eggs in downtown core

St. Albert council has finally decided to go all out to develop its \$30 million downtown core concept in which \$1 million plus is invested.

The decision was taken at council's regular meeting last Monday night.

And the move by council may well have been caused by the determination of at least 119 Forest Lawn residents to have some say in the development of the town in general, and specifically five acres of land owned by Shell Canada at Fairview Boulevard and Sir Winston Churchill Avenue. This was to have been developed into about 70,000 square feet of shopping centre anchored by a food store, proposed by Daon Developments Limited.

But many Forest Lawn residents, with what they feel was a legitimate beef, seem to have held up development on the site. They will likely have much say as to what goes into that site in the future.

Town council also realized that it may incur the wrath of a number of developers who had proposed shopping centres for St. Albert, like Shelter Resource Ltd., and Abacus Cities Limited. They will go by the wayside, in spite of the danger of a legal battle between themselves and St. Albert, as the town goes ahead with a policy of increased citizen input on planning. And as it concentrates on attracting commercial development in the downtown core.

"NOT HIGH ON LIST OF POPULAR MAYORS"

In light of disappointment town shopping centre policy might cause to developers, who have been negotiating, in some cases for two years with the town, Mayor Dick Plain was prepared to take a back.

"I realize I'm not high on the list of popular mayors," he grinned self-consciously, "but we need to keep it in perspective."

Councillor Thordson told council, and the 40 odd Forest Lawn residents at the council meeting, he regretted the circle of events that had taken place.

He complained that over the last two years council had spent hours discussing the merits of various commercial sites, and there were still "three viable sites."

After the town had looked over proposals from other developers, it had now moved into the downtown area, which he termed as many pretty pictures. Councillor Thordson accused the town of having gone too far ahead without any economic analysis. (Ward and Associates have done an economic analysis on the downtown core) but Councillor Thordson added it was two years overdue "and maybe has some merit."

But the councillor felt the people of St. Albert, who were "clamoring for retail

outlets," may have lost out.

He asked when the town would finally get down to business and how much more difficulty would the town have in getting what it needed.

"WON'T HELP TO FLOG OURSELVES"

In a long discussion, Councillor Myrna Fyfe said it "won't help to flog ourselves ... we've invested money into the downtown in the hope it will give a heart to our community, which will complement the existing downtown community."

Councillor Barry Breadner said that if the people of St. Albert Turn to Page 2

The Nativity scene outside the St. Albert Community Hall reminds us all of the true meaning of Christmas. After the tinsel, glitter and gift-giving is over, the celebration of the birth of Christ and the fellowship which accompanies it lingers on.

Vol. 17 No. 49 - Wednesday, December 8th, 1976.

Commercial development could be slowed in St. Albert

"Judging by comments of town council members as reported from the November 29th meeting, I would take the position that Highfield Developments would be concerned about what council is doing in terms of investing in St. Albert," Mr. Fred Cadham of Highfield told the Gazette Tuesday.

Highfield Development Corporation developed the Lacombe Park Shopping Centre and the Royal Bank property on Perron Street. We had other land in Lacombe Park as well, said Mr. Cadham but there were problems with council on matters of zoning, access, etcetera and we sold the land."

"Neighborhood shopping centres are fulfilling basic community needs and are accepted by communities all over Canada," Mr. Cadham commented.

Neighborhood centres may cover from one half to five acres or better, community shopping centres from about five to 15 acres and regional centres from 15 acres and up. In the case of Daon Development Corporation, said Mr. Cadham, council approved the zoning, Daon purchased the property, and then council changed its mind. This is really unfair unless the town is prepared to buy the land and let the company go elsewhere.

The concept of down zoning will endanger future commercial development in

St. Albert in the opinion of Mr. Cadham, who pointed out that the value of property is a function of what use can be made of the property.

St. Albert is in danger of developing a bad reputation with firms in the development business, which will slow investment capital coming into the town, concluded Mr. Cadham.

Highfield Development Corporation enjoys a respected position in centres across Canada, having built a reputation for high quality developments. In the opinion of Mr. Cadham, Daon Developments are high ranking in the field of shopping centres in which they specialize.

RCMP Report

At 7:25 a.m. on Friday, December 3, 1976, a 1974 ¾ ton GMC, which was northbound on 184 Street, was struck by a westbound CN train on 118 Avenue. The truck was pushed along the railway tracks for 1900 feet. The truck caught on fire and was burned along with the lone occupant. The driver of the truck has been tenta-

tively identified by witnesses, and the RCMP at St. Albert are attempting to make a positive identification through dental charts.

Several leads on the vandalism at St. Albert High and Father Jan Schools have fizzled out but active investigation of the vandalism is continuing by the local force.

Vandals hit schools

Vandals struck out against the school system once again, it was reported to the District 3 School Board at its regular meeting Monday, November 29th. The damage at the St. Albert High School was thought to have been perpetrated by a person or persons already within the building, and adjusters have assessed the damage at \$2,000. Father Jan School was also the target of vandals, who gained entry through a window, but there

was no appreciable destruction of school property. The RCMP are investigating.

15th Hospital Board members will stay in office

The Gazette learned Tuesday that neither Don Coinner or Stan Walker will resign from the Sturgeon Hospital Board following their strong objection (voiced at the November 25th meeting) to a decision taken on the matter of advertising for a position which had been filled. Both men walked out of the meeting.

Mr. Walker said he felt it was too close to the election coming up in October to resign at this time. Both men are experienced board members.

Audrey Malek had been appointed to the position of assistant administrator and was introduced to the Board as such at their October 27th meeting. However during an in-camera session, later in the meeting it was decided to advertise for the position.

At the September 29th meeting, Board member Lawrence Kluthe had moved that a letter be sent to the Alberta Hospital Services Commission dealing with extra planning help for outpatient expansion plans, as well as hiring an assistant administrator. Mr. Kluthe's motion, which was carried, ended with the sentence "Upon an affirmative answer from the A.H.S.C., Mr. Kluthe is to go ahead and employ an administrator as soon as possible."

Bylaws of the Sturgeon Hospital District, Article 111, Administrator No. 3 states (the Administrator shall have the authority and

duty) to select, employ, and control, and to discharge when necessary, all employees of the Hospital.

The Position Description for the Hospital Administrator, Appendix to Employment Contract between the Member of the Board and Clifford Keyes, Administrator states under item (h) (The Administrator shall have the authority and duty:) to select, employ, establish remuneration (for non-represented employees), control and to discharge when necessary, all employees of the hospital.

Neither document states any requirement for advertising for positions, and in fact five of eight hirings by the Administrator have been done with no advertising.

Don Coinner and Stan Walker backed the Administrator's appointment of Mrs. Malek at the November 25th meeting when Mr. Coinner pointed out his opinion that any action taken without revising the Administrator's contract is illegal. When they lost a decision by a 4-2 vote, both men registered their vehement opposition by walking out of the meeting.

Rumored is that Dr. Tworek, Chief of Staff at the Hospital, is interested in the Assistant Administrator position, but this could not be confirmed by any reliable or authoritative source. Under the Hospital District Bylaws, Article 14.1 the Board appoints "a medical staff composed of licensed physicians subject to certain conditions, "providing for government of medical practice in the hospital..."

The executive committee of three Board members will consider the application for the assistant administrator when they are in from current advertising.

Next regular board meeting is on Thursday, December 23rd.

There's a new place to shop for special items this year - the Guild Gallery located in the Arts and Crafts Centre behind the Sunset tennis courts. The Gallery opened on November 8th at the annual open house of the Arts and Crafts Guild. Among the many delightful articles are macramé plant hangers and wall hangings, metal jewellery, woven items, oil and water colour paintings, stitchery, batik, pottery and sculpture, all works of the Guild members.

eggs

Cont'd From Page 1

Albert could applaud the council for one thing it would be the downtown concept. But he pointed out that the core could not attract a major department store - "if the site has no future expansion."

Councillor Breadner said council had done the right thing by concentrating (development) in the river valley.

Mayor Plain cautioned against destroying the existing business community by opening the door to others and he saw the development of the downtown core as a base from which to move out into other areas.

Mayor Plain asked for support for a motion which would formalize the commitment to the commercial development of the downtown area.

This leading in turn to entering a draft agreement

with responsible developers in the early spring. They would hopefully provide the services like theatre, restaurants and food floors which would stand by themselves and not be diminished by a (regional) shopping centre.

STRING OF MOTIONS

As a result of all the discussion there was a string of motions, on future shopping centre policy.

There was general support for the go-ahead on downtown core development and it was also agreed that a draft agreement take place with any developers wishing to move into the downtown core.

The proposals for the Heritage Shopping Mall and another from Abacus Cities were finally put on the chopping block (with Councillor Thordson opposed). Then it was reaffirmed that the Heritage Shopping Mall site was not desirable for regional shopping centre development; and the same went for the Ball Estate. That motion was carried but with Councillors Fyfe and Thordson opposed.

Council also agreed to hold back the development of the Shell Canada site for at least three months and decided the residents must have a say

in the development of that site.

Councillor Frank Lukay pointed out that to get another shopping centre on Sir Winston Churchill Avenue "would upset the appellation in terms of planning" and added the (Grand) centre was "already stressed to the ultimate."

He feared Sir Winston Churchill would have been turned into a (large) traffic "funnel" if the Daon development proposal had gone ahead.

For the Forest Lawn residents the evening must have been judged an unqualified success in terms of showing democracy in action.

Co-chairman of the residents association Bill Shields went through the oft-repeated (by now) opposition to the Daon Development proposals. These hinge on traffic problems, quality of life, "ripple" effect on five schools in the immediate area, and possible attraction of a criminal element to the neighbourhood.

Mr. Shields wanted community workshops to be initiated on future planning for the (Forest, Lawn) area. He wanted to move away from the "reactive stance" residents had had to take, on land which had been zoned

for commercial use as far back as 1970.

It there was progress in future talks between the town and the residents, this could form a model for "citizen input in other areas," thought Mr. Shields.

Councillor Smith promised there would be discussion on just what kind of development residents wanted to see on the five acre site - which now seems to be the original defused hot potato.

Award honours Dr. Cuts

Dr. William Cuts received a quite rare award last Friday evening at the Charter Night ceremonies of the Legal Lions Club. For his work in extending Lionism the doctor was presented with Extension Award Number 4 by District Governor Ed Canning, who quoted a letter he received from the President of Lions International, Joao Fernando Sobral of Brazil. In

his letter of congratulation the international president noted that "there are not many Number 4 Awards around."

Dr. Cuts was credited with establishing four new Lions Clubs in Zone 37B: St. Albert (Breakfast) Lions, Spruce Grove Lions Club, Alberta Beach Lions Club and the Legal Lions Club.

Electrical decorations create effect and hazard

Proper planning for Christmas lighting enhances safety, but also will help you to get the best out of your display, advises the CSA.

Special effects and contrasts in colour can be achieved with the use of spotlights or floodlights. These bulbs are made to withstand snow, rain etc. They are supplied with bulb holders, ground or snow spike, swivel joint and outdoor cord and plug.

Know the difference between "series" and "multiple" burning lights. It determines the types of bulbs for replacement.

Be certain that outdoor and indoor lights are marked

as such on the box. Look for the CSA Certification Mark when buying new lights. When string is provided with insulating washers on sockets, use them for greater safety. It keeps water from seeping in.

USE ONLY INSULATED STAPLES TO HOLD STRINGS IN PLACE. NO NAILS. STRINGS THROUGH HOOKS OBTAINABLE FROM HARDWARE STORES.

Allow bulb to cool off before removing or touching it.

Make sure that the metal of the reflector be prevented from contacting screw shell of either lamp or socket. CSA certifies the reflector which fits around bulb and is usually sold separately.

ON OUTDOOR DISPLAYS SOCKETS MUST BE HUNG WITH THE BULB POINTING DOWNWARD. When replacing burned out bulbs, always unplug power supply first, make sure replacement lamp is the right kind and voltage. CSA requires that package of replacement lamps bear guidelines to assist in selection of bulb.

Although Christmas lights and electrical decorations can provide a beautiful effect, if not properly used they can create a fire hazard which can cause an effect not undesirable.

Revive Austrian tradition

An Austrian tradition, Advent is a religious season of preparation for Christmas. Here is a beautiful, decorative idea that can be used to celebrate Advent, or just to help your youngsters pass the anxious days just before Christmas.

YOU WILL NEED: Cellophane, clear or amber coloured, about 26 square feet, 26 navel oranges, 26 twist ties, 26 assorted notes or greetings, large round tray, assorted baubles, ribbons and greens.

HOW TO DO IT: Cut 26 cellophane squares, about one foot square each. Compose a different message to wrap with each orange. (Cut greetings from old Christmas cards or write your own). For children, messages may direct them to a little treat hidden treasure-hunt style). Place one orange and a message in the centre of each cellophane square. Wrap

cellophane around and gather together at top, securing with a twist tie. When all oranges are wrapped, arrange on a tray. Place on layer of oranges on the tray and keep stacking. In layers, each getting smaller than the last, until they gradually taper into a "tree." Place greens, ribbons and baubles among oranges to decorate the tree and top with a spectacular star or perfectly shaped piece of greenery.

Each day the children take one orange off the tree. In addition to their special message, they get their Vitamin C filled orange.

St. Albert Billboard

Around Town

The Gazette learned from some of the St. Albert Lions Club members that Glen Ward of Grosvenor Boulevard celebrated his 50th birthday yesterday. It appears Glen keeps his youthful appearance through visits to a "fantastic" hair stylist whose name he won't reveal. Actually he takes good care of himself, getting plenty of exercise on the ball diamond all summer, and turning in some pretty good performances at the weekend tournaments.

WEDNESDAY, DECEMBER 8 - The Sturgeon Toastmistress Club will hold its regular meeting at 8 p.m. in the Paul Kane High School. We would like to impress upon you gentlemen once again not to let the name fool you.

SATURDAY, DECEMBER 11 - Junior B Generals at home to Edison, and on Sunday night to Hinton at St. Albert Arena.

DECEMBER 11th - 19th - The First St. Albert Cubs and Scouts annual Christmas Tree Sale located at Lions Park.

TUESDAY, DECEMBER 14 - LaLeche League meets at 46 Lorraine Crescent at 8:30 p.m. For more information call 458-0123.

SATURDAY, DECEMBER 18 - Air Cadets Peanut Drive, 9 a.m. at the Community Hall.

SUNDAY, DECEMBER 19 - Senior Citizens Party to be held at the Ladies' Auxiliary of the Royal Canadian Legion, Branch 271.

Deadline near for nominating citizen of the year winner

The time of year is fast approaching when St. Albert pays tribute to the citizen who has made the greatest contribution to community betterment. Any group or individual may nominate their choice for the Chamber of Commerce award. Community residents are warned that the final date for the submission of nominations is December 15. Some clubs and organizations have not submitted their choice yet and are urged to do so right away. Submissions can be sent to Dr. Cuts, chairman of the Chamber of Commerce

Awards Committee, 6 Green Grove Drive, St. Albert.

In selecting the recipient of the award, Dr. William Cuts of the Chamber of Commerce suggests that several qualifications be considered.

- 1) contributions in the person's occupation beyond the call of duty;
- 2) Civic involvement
- 3) Community betterment in service clubs, youth work, or work with the sick, handicapped and underprivileged;
- 4) Involvement with the church and its activities;

5) General contributions to the lifestyle of the community or any influence for its betterment.

Dr. Cuts advised that the degree and duration of the involvement, the time contributed and the effectiveness of the accomplishments are criteria to be used when considering the above factors. He added that in a case of equal qualifications, seniority might be a deciding factor as there would be other opportunities for a younger candidate.

The recipient of the award will be chosen at the Chamber's annual banquet on January 22nd.

Want to stop smoking?

The Sturgeon Health Unit, in conjunction with the Alberta Lung Association is presenting a no-charge Stop Smoking course beginning Monday, January 3rd at the Sturgeon Health Unit building in St. Albert.

The course uses various methods to reinforce each applicant's decision to "kick the habit," and at the same time offers the support of the

group to strengthen their motivation.

Enrolment will be held to 20 applicants and people interested are invited to call the Health Unit at 459-6671, either to enrol or for further information.

Stop smoking sessions will be held Monday, Tuesday, Wednesday, Thursday and Monday at 9 p.m. each evening from January 3rd to 10th.

St. Bernard Club sells Christmas trees for worthy cause

'Tis the season' to buy Christmas trees and the Saint Bernard Dog Fanciers of Alberta, are pleased to announce that this year, as for the past four years, they will be selling trees with all (100%) of the proceeds going to Muscular Dystrophy.

The sale will be held at Namao Community Hall, three miles north of Namao Air Base main gate on Highway 28A, on Saturday, December 11th and Sunday, December 12th, from 10 a.m. to 6 p.m. each day.

The Saint Fanciers of Alberta offer their prospective customers some alluring features. Your tree will be delivered to your car by a

Saint Bernard dog, there will be free sleigh or cart rides (depending on the amount of snow) for all children - pulled by a Saint Bernard, Santa Clause will be in attendance all afternoon, there will be a bonfire and refreshments available and to top off the list, MacDonalds Restaurant has offered a free coupon for an "Egg McMuffin Breakfast" with each tree sold.

This is an opportunity for the entire family to have some fun together, fetching the tree and supporting a worthy cause. Last year's tree sale resulted in a \$1,300 donation. The Saint Fanciers hope that this year will be even more successful.

Town will not allow school buses on driveways

Following are some of the highlights of the regular meeting of St. Albert council last Monday night. Mayor Dick Plain was in the chair and all councillors except Gary Wetsch were present.

THE TOWN OF ST. ALBERT is not going to relax its stand on keeping school buses out of residence driveways, or backyards.

Drivers who continue to park buses in these places will be contravening a town bylaw. There was a request that drivers might continue these parking practices from Briggs Brothers Student Transportation Ltd.,; but Mayor Dick Plain said that giving the drivers special permits would open "a whole can of worms."

The letter from Don Briggs said there had been no complaints the buses were causing problems with neighbours; also drivers were saved having to drive down to the storage yard to pick up their vehicles.

But council would have none of this. It was decided to reply to the letter from Mr. Briggs, on the understanding there would be no changes in policy.

Saturday's Christmas Bazaar and Tea, sponsored by the Grandin District Guides and Brownies attracted many local residents to the St. Albert Community Hall to browse around the many tables and perhaps get a little of their Christmas shopping done. Afterwards they could relax while the Brownies served them tea.

WITH COUNCIL feeling in quite a generous mood last Monday night, two town groups will find themselves \$1,000 better off. Council agreed that \$1,000 should be granted to the Kinsmen Club to assist with their juvenile hockey program. They also decided to give \$1,000 to the St. Albert and District Chamber of Commerce to reduce the \$2,000 loss on the last Trade Fair. But this donation will be subject to the Chamber handing over an audited statement to the town on the September Trade Fair.

When council came to approve the \$1,000 for the Kinsmen, Councillor Barry Broadner was the sole member of council opposed to the grant, saying it was too much and that considerable assistance had already been given.

Councillor Myrna Fyfe threw cold water on this, pointing out that without the money some youngsters "might not be able to play hockey this year."

COUNCIL WAS ASKED for its recommendations on a report about country residential subdivision from the Edmonton Regional Planning Commission.

Mayor Dick Plain said that country residential applications were "out of control" and of "epidemic" proportions.

It was reaching the stage where 4 - 5,000 people could suddenly spring up in a rural setting, with no adequate fire and sewage facilities.

Mayor Plain said he had supported the freeze on country residential development at the ERPC and exclaimed "Every farm in the MD (of Sturgeon) can have a country residential parcel on a quarter section!"

Council supported a moratorium on country residential development.

MORINVILLE, ST. ALBERT and the MD of Sturgeon will be meeting this Thursday night at 7:30 on the delightful topic of sewage

rates and tie-ins between the various jurisdictions.

THE ICE ON the Sturgeon River is being cleared for public skating again this winter, it was confirmed at council last Monday night.

FERNWOOD CONSTRUCTION'S and Diversified Management's proposals for 24 and 68 unit apartment developments at the south end of Grandin Road, will have to fit into town guidelines regarding density and other town requirements, it was decided at council.

And council decided not to approve development control No. 6 attaching to its dealings with Fernwood Construction.

NO FORMAL NOTICE of resignation has been received yet, if reports from

council were up to date at press time, from the two members of the Sturgeon Hospital Board who resigned at the last meeting. They are Don Coinner and Stan Walker. In any event whether or not there is a retraction, council may look at the problem of appointing/electing its member to the board at next week's committee of the whole meeting.

A STEERING COMMITTEE will receive a draft report on the future of the St. Albert Transit System some time this week, if a report from Town Administrator Bob Byron is anything to go by.

A full report could be out to council by the end of the month.

The province is expected to front end a \$6,500 survey on the St. Albert Transit System.

Driveways are not for parking your vehicle

Three truckers on Sheridan Drive have been warned this week by a town bylaw enforcement officer that they will not be allowed to park their trucks in their own driveways.

The officer suggested to Norm Tate, stopped on the street Monday, that he park his truck in a public service station. However, Mr. Tate feels the risk of extensive vandalism would be very great, as he has had previous experience using such lots, and in addition he would have to pay rental charges.

At Sugg of Al Sugg and Son Trucking is the same boat. His son Neil was stopped Monday on the street. He was told he had 36 hours to move his truck from the driveway "Or you'll be sorry."

Neil himself lives in Mission Park, but the driveway in which the truck must not be parked is on Sheridan Drive. He was also told that since Sheridan is not a truck route a trucker could not drive on it - not even to reach his home when returning from work.

A week earlier Ron Bell had also been advised that he could no longer park his

truck overnight in his driveway, and residents in other areas have also been warned.

The Tates were referred to zoning and building bylaw 23, 1971 by the law enforcement officer, and an amendment to that bylaw pursuant to the planning act in 1973, which prohibits "use of land for storage or repair of motor vehicles or other machines or equipment." It would appear that parking a car or any vehicle in a driveway overnight is considered as "storage" of the vehicle and any residents without driveways would also be required to rent overnight parking.

School bus drivers are in the same situation and it could be that if all the space available for parking at all the service stations and other lots were rented to avoid infringement under this bylaw, there would in fact not be sufficient space available in St. Albert.

Maximum penalty for bylaw infractions is a \$500 fine plus costs incurred by the town, or six months imprisonment if fines and costs are not paid. Penalties are spelled out in bylaw 21, 1976.

Neil Fleming accepts an impressive looking trophy, from Bob Booth, representative of Carling O'Keefe, sponsors of the St. Albert Cash Spiel, which was held in the St. Albert Curling Rink this past weekend. Along with the trophy, the Fleming rink received beer steels and a cheque for \$3,000.00, which should make any four guys happy.

Deep fryer dilemma solved by Kaminsky

The brown-bagged peanut butter and jelly sandwich appears to have joined the students' list of nostalgic items no longer relevant to the complexities of modern education.

At the regular meeting on November 29 of the District 3 School Board, much of the board's time was consumed in study of the intricacies of feeding the students within their jurisdiction.

Following the meeting's opening, Mrs. Ann Smith gave a report on the school year and lunch policy and a discussion of the latter ensued. Mr. Freeman remarked that it was difficult to approve a school lunch policy without parental input, while Mr. Howish wondered about the legal liability in the event that such a parent volunteer program was established. Mr. Freeman said that such a liability would have to be delineated and Mrs. Lockert stated that any lunch policy would require board approval. Mr. Sieben suggested this be referred to the policy advisory committee.

Further complexities in the matter of student nutrition were revealed later in the meeting in the form of a presentation by John Kaminsky of Vincent J. Maloney school. Mr. Kaminsky had been investigating the cost of installing a deep fryer, canopy and exhaust system for the school. Mr. Kaminsky originally received an estimate of over \$12,000 for this

equipment, but after he personally investigated the cost, consulting many different sources, he discovered the project could be undertaken at a cost of only \$2880, subject to the approval of the underwriters. The five marshals had indicated he will approve the installation, and written approval would be sought from the necessary authorities. Trustee Lockert asked if the addition would necessitate a staff increase but Mr. Kaminsky felt this could be handled by parent and student help. Mrs. Lockert also asked if alternatives to the deep fryer had been examined, such as microwave ovens but was told that their capacity was insufficient and that the students preferred deep fried french fries. This matter of student preference is important if the cafeteria is to make a profit and not lose its customers to downtown restaurants. Mr. Howish questioned such an expenditure in the light of the cafeteria's present financial position. Mr. Kaminsky answered by saying the installation should have been included in the original construction, and the financial problem would not have arisen.

Mrs. Lockert stated her objection to unsupervised "junk food" being eaten in school premises but was laughingly told that the elimination of such foods might cause a "rebellion." Despite official attempts to extol the advantages of

nutritious meals, the board was told that many students consign their homemade lunches to the trash can wastes, in favour of "junk" food.

The matter was referred to the next board meeting, pending written approval from authorities and consideration by the financial and nutritional committees. In various committee reports, the board was told that the finance committee had found the planned deficit stable and would report a finalized financial report in mid-December. The minutes of the salary labour relations committee were approved and adjustments by the Anti-Inflation Board for supervisory staff noted.

It was noted that the Principals Association had received a letter from Barry Findlater and it was decided that response to his questions would be discussed at the next joint board meeting.

Accounts payable were noted and approved.

GREY NUNS TRIBUTE

The superintendent's report also involved discussion of some form of tribute to the Grey Nuns. Three alternatives were discussed: a cairn that might possibly be constructed in conjunction with the St. Albert Historical Society, trophies for grade 10 and 11 religious awards or the construction of a medi-

tation room. However, the latter has been found to be under-used in other schools. This issue was tabled to the awards committee.

Two change orders were approved for the installation of security windows and the supply of deadlocks. A third order for a display case was rejected.

Various items of correspondence were received from

the Alberta Teachers Association affirming their compliance with AIB guidelines, and one from the Alberta Catholic School Trustees Association in relation to their submission to the provincial cabinet. Dr. Zielinski asked approval of his attendance at a spiritual retreat and business meeting and this was granted.

Mr. Howish announced

the mid-spring break would be from March 27 to April 2, inclusive, with a loss of five teaching days. Heritage Day, a proposed federal holiday in February was mentioned as a possibility but was left out of school year calculations due to the uncertainty of its adoption.

It was moved the next board meeting will be held December 13.

The Bob Hawkins rink seems to be fairly happy, at the presentation ceremonies for the St. Albert Cash Spiel, just after they received their cheque from Bob McManis. The Hawkins boys fought a tough match against the Neil Fleming rink, which went into an extra end, but second place isn't all that hard to take.

Access program to focus on St. Albert

A press release from Access Alberta advises that on Monday, January 3 ACCESS Alberta's "Come Alive" will focus on the new city of St. Albert. St. Albert has a historic background, from the founding of the settlement by Father LaCombe in 1861. It expanded into a town, a suburb of the city of Edmonton, and now has come of age. It will become a city in its own right, not simply an adjunct of Edmonton, says the release.

St. Albert Mayor Richard Platin will talk about the

current developments of this community, and will give the major reasons for the acceptance of city status in this timely and interesting section of "Come Alive."

"Come Alive is ACCESS Alberta's daily half-hour morning program seen Monday through Friday at 9 a.m. It's a program dedicated to showing Albertans to Albertans. Hostess Naomi Loeb and the "Come Alive" crew travel the province to show the audience the events, people, and things that make Alberta unique. Generally

covering a number of different topics in each half-hour program, "Come Alive" will often concentrate on one item for the entire program as well, occasionally.

St. Albert, its history, and its future plans will be the focus of "Come Alive" on Monday, January 3. Hear about your community, in context with the present, at 9 a.m. on January 3, on CTV or CFRN.

Around Town

The Royal Canadian Legion, Branch 271, St. Albert will hold its annual election of officers on December 13. The successful candidate will have to have the experience required to successfully run an enterprise handling funds in excess of half a million dollars. The Legion's Poppy and Wreath sale drive has been termed an "outstanding success." Anyone interested in rejuvenating the Pipe and Drums group is asked to contact Ray Henderson at 489-0307.

Music: The Castles

Youville residents have grand opening

On Thursday evening, November 25, the residents of the Youville Home greatly enjoyed a dance hosted by the Youville Auxiliary.

Danny Boisvert's Starline band, courtesy of the St. Albert Knights of Columbus, provided the music, playing to a very appreciative audience.

Armand Savoie was, as always, a super emcee, announced the various dance numbers in his own genial manner. Ed Savoie, as floor manager, appeared on the scene as a very elderly

gentleman. Wearing baggy pants, an old sweater and a mask - complete with wrinkles -- he really had everyone guessing as to his identity, since he kept appearing in this disguise, then disappearing to return as himself - Ed. He is indeed the perfect clown!

The orchestra with Danny Boisvert on the violin, his daughter Marianne at the piano, son Robert as guitarist and both Yvonne Boisvert and Marianne harmonizing in song, are very popular at the Home with their delightful brand of toe-tapping music. An added pleasure at this dance was the presence of Tony Deschenes as guest soloist. He sang several numbers in both English and French, to the enjoyment of everyone present.

'Spot dances' were a feature of the evening and prizes were awarded to the

lucky ones. Two dances for wheelchair patients were also on the program, Tony Deschenes providing the vocal solo for the first, and Danny Boisvert the next. The old time waltz, heel and toe polka, the French Minuet, a waltz quadrille and Oh! yes, the butterfly, too, rounded out a list to please everyone. Several of the Youville resi-

dents, at the conclusion of the dance, went up to the stage in person to thank the orchestra members, proof how very much they did enjoy the dance music.

Danny Boisvert himself has voiced a desire to take this means to express his deep appreciation to Armand Savoie for his co-operation on stage, to Ed Savoie who

provided so many laughs throughout the evening and to Tony Deschenes for his many well received solos.

A delicious lunch, served by the Auxiliary members, brought this happy evening to a close, everyone agreeing it had been a real success. Many thanks to all who helped make it so from a very grateful Youville Auxiliary!

Lodge installs officers

About 120 Freemasons gathered at the United Church on Wednesday, December 1st for a unique ceremony. W. W. Lowrie Sr., installed his son W. W. Lowrie Jr. as the Master of Balmoral Lodge No. 185, with C. Elliott as Senior Warden and Keith Davies as Junior Warden.

W. W. Lowrie Sr. was ably assisted by five Past Grand Masters of Alberta - S.

Hardin of St. Johns Lodge in Vegreville, B. Brown of Commercial Lodge, P. Kendal of Edmonton Lodge, G. Armstrong of Strathcona Lodge and Sandy Milligan of West Edmonton Lodge.

Masons wishing to visit Balmoral Lodge during the coming year would be most welcome on the first and third Wednesdays of each month at the United Church.

Kinettes at work on Christmas hampers

The Kinette Christmas Hamper Committee met Thursday night and were advised of two events coming up. Students at the Bertha Kennedy school will present Chairman Susan Reval with their white gifts at the school on December 20th, and the 1st pack Brownies who meet at Leo Nickerson School have been collecting pennies to buy a gift for a girl and a boy for the hampers, which they will present to co-chairman Iris Mathers on December 8th.

People wishing to bring donations to the depot at the Percy Page Centre can come by after December 13th when the hamper comes into effect during the day. The depot will also be open evenings on December 17th, 20th and 21st, prior to delivery date for the hampers on Wednesday, the 22nd.

The Kinettes remind residents that they cannot accept used toys. Gifts for every child in each family are part of the hampers' stock but they must be new gifts.

Preserving

Nature's gift

Young and old alike enjoy turning out Christmas bounty together. To make gift pomander balls, select firm oranges, lemons, or limes and stud them with cloves to cover (use a skewer to start holes). Mix 1 tablespoon each ground cinnamon and powdered orrisroot; put 1 heaping teaspoon into a bag along with one of the fruits. Shake bag to coat well. Wrap loosely and store in a dry place till the fruit shrinks and hardens. This will take from three to four weeks. Turn every few days. Tie with coloured ribbon. Makes three.

Perishable foods are not able to be accepted either they have no means to keep them.

University Senate studies foreign students

The sensitive issue of the proposed fee hike for foreign students was the subject of a lengthy hearing by the Senate of the University of Alberta at its second regular meeting on November 26. The session resulted in the following resolution being adopted by the Senate to be taken to the Board of Governors.

The resolution reads: "The Senate is opposed in principle to a two-tiered fee structure but, recognizing that the issue is part of a larger problem involving a number of different questions, recommends that the government study and deal with the matter of foreign students in depth, considering its provincial and national implications and for this purpose establish a commission or task force, deferring in the meantime any action to implement the proposed differential fee structure."

Eight presentations provided the Senate members with information on all aspects of the issue. Mr. Henry Tsan spoke first on the foreign student point of view, referring to the future contribution of foreign students and pointing out that "leaders of foreign countries were once foreign students themselves." Mr. Tsan also mentioned the already existing pressures on foreign students and suggested that stereotyping and prejudice can only be overcome by personal contact. Reducing the number of foreign students on campus would lessen the opportunity to develop "racial respect and cultural tolerance."

Speaking next from the point of view of Canadian students David Rand, students' union council repre-

sentative, informed the Senate that most of the students he had talked to were against the increase. Many felt there was no justification for the move.

Howard Hoggins, executive vice-president of the Students Union spoke next, stressing the opinions he expressed were not his own, but were popular perceptions of foreign students. He said many students had noted the large number of foreign students on campus and felt that the number from Hong Kong was disproportionately large. He quoted student resentment of competition for positions in quota faculties and for jobs. Canadian students, he reported, were upset by purported clannish and anti-social behavior, particularly among the Chinese. Some classes were thought to be slowed down by language difficulties among foreign students. Students also complained that foreign students obtained landed immigrant status too easily.

ATTACKS GENERALIZATIONS

Ruth Groberman, Foreign student advisor, criticized these and other "gross generalizations" and spoke of a "tendency to react to visible minorities." She pointed out that only five or six percent of the total post-secondary enrollment was made up of foreign students. She also said that a fee increase would not reduce the number of foreign students, but merely change the economic composition of the group. Poorer students from developing countries would be unable to attend.

Academic concerns, particularly those of language

From the Mayor's office

On Monday, December 6th the St. Albert Town Council made a decision to direct the next phase of commercial development into the downtown core rather than into the sites proposed by (1) Daon Development Corporation in the Forest Lawn area; (2) the Heritage Proposal located to the north and east of the Jasper Auto premises and (3) the Abacus proposal located in the Ball Estates near the St. Albert Inn. This decision was made after the various developers were carefully scrutinized and analyzed by the Town's civil service and its shopping centre and economic consultants. Two primary factors emerged from this analysis. Firstly, none of the major department stores - Eatons, Hudson's Bay, Woodward's and Simpsons Sears - are seemingly prepared to make immediate commitments to undertake developments in

St. Albert.

A substantial degree of interest has been shown and we can be reasonably certain that in the future one of the stores will locate in St. Albert; however, in the short-run neither the private sector nor the municipality were able to receive any commitments. This fact may surprise a number of residents who have attended meetings over the past two years at which a number of developers have indicated that they could obtain commitments from major department stores. Unfortunately, all of the information we have received indicates that these are not viable propositions at the present time.

Secondly, we have been advised that any junior department store that could feasibly be developed in St. Albert is extremely reluctant to locate in any centre which cannot locate a major de-

were included as an English department member - emphasized the drawbacks of inability to write idiomatic English. A report by Prof. Larry McKill stated that 60 percent of the students in the remedial English classes were foreign. He cited difficulties and pressures on these students and said more should be done for them to "open up the possibilities of cultural exchange."

The fee increase was also examined from an administrative point of view. Doug Burns of the Registrar's office noted that the United Kingdom had decided to abolish their differential fee structure for foreign students and referred to administrative difficulties encountered in the United States where certain universities charge out-of-state fees.

In an informational statement from the Department of Advanced Education and Manpower, Deputy Minister Henry Kolesar restated the government's proposal to have higher fees for foreign students and said the two-tiered structure was "meaningful difference" but "not excessive." Briefly explaining the government's reasoning he said that Alberta's richness of opportunity resulted mainly from the labor of the first generation of immigrants. Therefore, the government feels that students arriving here now can reasonably expect to pay a little more than the descendants of those first hard-working immigrants.

After a question, answer and discussion period, the Senate adopted its resolution.

Commercial developments in St. Albert

partment store. The commonsense reason behind this reluctance stems from the fact that their economic viability would be imperiled if at sometime in the future they had to attempt to compete with one of the major department stores (Woodward's, The Bay, etc.). This fact clearly indicates that if either the Heritage or Abacus shopping centre proposals were to be approved that the Council would have to recognize them as regional (350,000 sq. ft.) rather than community (200,000 sq. ft. or smaller) centres. Our analysis and consideration of the total physical and socio-economic factors surrounding each of these sites recommend against a regional scale of development in these locations.

The net result is that the Council proposes to proceed

as quickly as possible with the development of a viable downtown commercial area which will "stand on its own two feet." We are prepared to accommodate and encourage the development of a major regional shopping centre at some time in the future when the market conditions permit the development of these types of facilities. We have been advised that we can attract an excellent food floor in the downtown area along with ancillary developments such as restaurants, movie theatre, etc., without deviating from our concept of developing an exciting and sensible downtown core area which fills the long-run civic, cultural and recreational as well as commercial needs of the community.

DR. RICHARD PLAIN
MAYOR.

OTTAWA and Small Business

Mass transit by taxi

By KENNETH McDONALD

The effect on transportation of fuel cost and scarcity is putting new focus on local communities. In future, people will tend to live nearer to where they work and shop.

The fuel factor also puts new focus on ways to cut transportation costs. Canadian communities have some ready-made examples among their counterparts south of the border.

According to U.S. News, in some 3,400 communities taxis are the only means of public transportation. Nationwide, they move about 80 per cent more people than all the mass transit systems combined.

El Cajon and La Mesa, near San Diego, have contracted with local taxi companies for citywide taxi-ride service at a flat rate of 50 cents a fare. Subsidizing the system costs less than the former bus service.

Ames, Ia., population 43,500, does the same with a fleet of 15-passenger buses. In-city fare is 75 cents, rising to \$1 further out. If more than one rider boards at a single stop, the fare is split.

"Shared rides" is the key to the successful use of taxis as mass transit. In some cities, riders sign up for daily service to and from work. In others, taxis can stop for anyone until all seats are

filled. Twelve cities in California are combining in a study of how taxis can best be used to cut transit costs.

Downers Grove, Ill., uses seven school buses to move commuters to and from local train stations. Buses run on fixed routes but stop anywhere on request. Fare is 30 cents. An offer by the regional transit authority to buy fancier buses, using matching federal funds, was turned down as too costly. The school bus operation breaks even!

In Reston, Va., commuters have contracted with a local company for service into Washington. Commuters take it in turn to act as volunteer conductors, collecting fares and attending to passenger comfort.

The lesson is plain. Ordinary people, using their own ingenuity and enterprise, can usually find better and cheaper ways of doing things than bureaucracies snarled in red tape.

The Canadian Federation of Independent Business sees these initiatives in smaller communities as a very encouraging sign of widespread dissatisfaction with the inefficiency and high cost of public "services".

The road to revitalizing Canada's economy lies in getting government out of every function that can be performed better and cheaper by individual enterprise.

Looking Through The Files

EIGHT YEARS AGO
DECEMBER 2nd, 1968 ISSUE

The front page picture of this issue showed an Eaton's truck parked precariously on the edge of an empty pond in the front yard of Mrs. Hildegarde Kehling. The driver has been delivering a parcel at the top of Belmont hill when he happened to glance back at his truck. The vehicle was by that time on its way down the hill. It smashed into a car on the left hand side of the street, bounced off to just nick a yield sign and cross Burns Street and into the Kehling's yard. Fortunately no one was injured.

In 1966 the Town obtained \$75,000 for an arena in a money bylaw authorized by the residents at that time. In 1968, with nothing underway, a group of residents took matters into their own hands and formed an arena committee. However the costs involved in building that arena had soared from \$75,000 to \$125,000, with the cost of an ice plant to be added to that total. The interim committee, with Marcel DeChamplain as its chairman, was formed at a meeting arranged to assemble the information that had been collected by previous committees and explore new possibilities. The arena fund, started in just at that meeting by Cliff Gallant and Dr. William Cuts, was taken seriously by the group and in a matter of moments the pile of green bills had increased. From this beginning a canvass of clubs, businesses and residents got underway and the funds for the arena were raised.

GOSPEL OF ST. LUKE 1:32

He shall be called great, and shall be called the Son of the Highest; and the Lord God shall give unto him the throne of his father David.

What Caught Our Eye

By Gazette Staff Writers

AN ALERT PRESS photographer at the Montreal Olympics last summer caught this turn of Princess Anne's head as she marched with the British contingent at the opening of the Games. (Photo - UK Press Gazette).

JOYLESS LAST DAYS OF HOWARD HUGHES

For the last 15 years of his life Howard Hughes "lived a joyless, half-lunatic life, a virtual prisoner walled by his own crippling fears and weaknesses," Time Magazine says.

Time drew the description from a new book, Howard Hughes, the Hidden Years, by James Phelan.

The New York Times said Sunday that the book, to be published by Random House in January, supported accounts the newspaper obtained from other authoritative sources.

Hughes, these sources say, was virtually a prisoner of the security system he had constructed to protect himself against the world. He was also indecisive, bedridden and helpless to enforce his orders for the running of his business.

The new book is based on reports to Phelan by Hughes's two personal servants. They will share the royalties with Phelan, each man getting one third.

The two men lifted and carried Hughes, brought him food and dealt with his personal needs, the New York Times said.

Aside from those servants, and with one exception, only secretaries and medical persons saw the billionaire, the newspaper said.

CITY BREAK-INS COST 25 MILLION

A Canadian Press release quotes Sgt. Lavoy of the Edmonton Police Force as advising people if a thief is in your home to let him take whatever he wants without trying to stop him. He is probably more frightened than you and may do anything to escape.

The force predicts that break and enter offences will take \$2.5 million this year, with public apathy and lack of interest in home security responsible for many of the thefts.

In addition the police advise that rape and other physical attacks occur frequently when a thief finds someone at home.

Sgt. Lavoy said the city has a high percentage of juveniles who are involved in break-and-enter offences. The average house thief is probably a male between the ages of 12 and 20 years.

Maximum sentence for a commercial break-and-enter is four years, while for a private home it can be life imprisonment.

Of \$897,137 worth of property stolen from homes and apartments last year, only \$23,574 was recovered.

Constituency changes recommended in commission report

Last Thursday, December 2nd, the Clerk of the Legislative Assembly presented the final report of the Electoral Boundaries Commission to Gerard Amerongen, Speaker of the Alberta Legislature. Mr. Amerongen will table the report in the Legislature during the 1977 spring session, when members of the Legislature will have opportunity to debate the recommendations.

The recommended new boundaries for the constituency of St. Albert will alter it considerably. No part of Edmonton will be included in the new boundaries with the elimination of Castle Downs, Griesbach and Dickensfield areas.

The rural area east of Highway 37, including the hamlets of Lamoureux and Coronado has been lopped off and will form part of the constituency of Redwater-Andrew. The hamlets of Pickardville and Busby will become part of the enlarged constituency of Athabasca.

The changed St. Albert constituency would have in the neighbourhood of 17,400 voters, using 1975 voter figures, according to the clerk of the legislature.

Two new constituencies were formed in Edmonton, one, called Glenary on the north boundary of the city including Castle Downs, Griesbach and Dickensfield. The other, called Edmontown-Mill Woods, is on the south boundary and will include Mill Woods area.

The City of Calgary will have three new seats and the rural constituency of Sedgewick-Coronation has been eliminated.

The breakdown of the new 79-seat assembly will be 43 urban and 36 rural seats for the next election, expected to be called in 1979. At present the breakdown, in the 75-seat legislature is 38 urban and 37 rural seats.

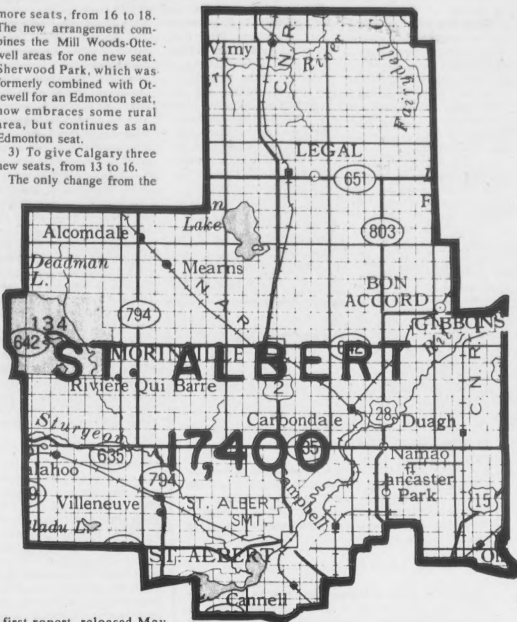

The present legislature has 75 seats and the key criteria given the independent boundaries commission were the following three:

- 1) To increase the total number of seats by four.
- 2) To give Edmonton two

more seats, from 16 to 18. The new arrangement combines the Mill Woods-Ottewell areas for one new seat. Sherwood Park, which was formerly combined with Ottewell for an Edmonton seat, now embraces some rural area, but continues as an Edmonton seat.

- 3) To give Calgary three new seats, from 13 to 16.

The only change from the

first report, released May 15th by the Commission as far as St. Albert is concerned, was that the Village of Gibbons, originally slated to go into Redwater-Andrew, will remain in St. Albert constituency. The commission considered the submission presented by the village during the public hearings in October had made a valid case for the village to remain in St. Albert constituency.

St. Albert is the smallest in area of the 36 rural constituencies, and is the second largest in voter population, after Wetaskiwin-Leduc, again using the 1975 voter population figures, the latest firm figures available.

Wetaskiwin-Leduc will lose the south Edmonton portion formerly contained in that constituency.

Spending guidelines raise grants 10% to maintain services, but restraint still a factor

Provincial government spending guidelines for the fiscal year 1977-78 were released recently in a communication from Provincial Treasurer Merv Leitch.

The release explains the background of the government's policy of fiscal restraint, referring to the September 1975 budget planning guidelines which provided for an increase of 11% in basic health, education and municipal grants for the current fiscal year.

In presenting the '77-78 guidelines, the communication points out they have been formulated in the light of the national fight against uncontrolled inflation, keeping in mind the effect of unrealistic increases in expenditures in current budgets on the budgets of the future.

The release goes on to stress that the avoidance of inflationary budgeting and the desire to maintain existing levels of service have formed the basis of this year's guidelines. The guidelines also were designed to meet the added demands on existing services resulting from Alberta's population growth, which exceeds the national average. The government also concludes that a continuing reduction in the

rate of increase of government spending has been deemed of long term benefit to the province.

In accordance with these ideas, the guidelines propose a 10% increase in its basic grants to agencies such as municipalities, school and hospital boards, city health boards and universities and colleges. However, this figure of 10% refers to an overall equitable allocation of funds and does not indicate a 10% increase in any specific agency. Rather it will be a generalized increase as some agencies require more than the 10% increase, while others require less.

The release states the government's satisfaction that this increase is in keeping with policies of restraint, while still ensuring the continued provision of a high level of service.

The spending program projected in the guidelines involves a \$300,000,000 increase over the current year's expenditures, and when this increased provincial spending is combined with local spending, the total ensures that Albertans have more money spent on them per capita than do the residents of any other province.

DECORATE WITH SAFETY

As we are approaching the Christmas Holiday Festivities, outside decorations are being put up.

Before doing so check for any shorts or breaks in the decoration wiring. Also by adding the extra lighting see that it does not contribute to overloading your circuit.

Overloading circuits leads to the potential cause of Fire. Remember to avoid problems - practice FIRE SAFETY.

Meals on Wheels is a three-part program

Submitted to the Gazette
Meals on Wheels program is one of the services supervised by the Help Society of St. Albert.

There is a separate MOW committee of seven who meet two or three times a year to plan and approve the general organization of the program. This program has a co-ordinator and an assistant co-ordinator. There are no paid staff. All the services are supplied by volunteers who represent nine different organizations in St. Albert. These organizations are: the United Church Women, the Catholic Women, the Kinettes, the Newcomers, the Anglican Ladies, the Nurses Association, the Presbyterian Ladies, the Women's Institute and an independent

group.

Volunteers number between 60 - 68 and there is a Day Captain for each day. This captain represents an organization and organizes the volunteers from that group. The information from the nine organizations is reported to the co-ordinator or her assistant and the schedule for deliveries is set up on a two month basis. This means that the volunteer drivers from each organization go out every second month. Usually two drivers go out each day.

There are three parts for this MOW program.

(a) Amount of money budgeted for 1976 was to provide one hot meal per day for five people for five days a week. These to be delivered

to client's homes. Number of deliveries to be adjusted to the need, for example, December 1975 eight extra meals were delivered one week to a family who were ill and couldn't get a home-maker. Another example - in September 20-give extra meals went to a family where the mother was handicapped due to an operation. Anyone who is recuperating from being hospitalized can qualify immediately for a hot meal. These meals are not free but fees for them are levied according to ability to pay. Meals are prepared by the Youville Home or by the Sturgeon Hospital.

(b) As of July 1, 1975 another part was established. On one day a week basis the MOW volunteers take 10-18 meals to the Senior Citizens Centre. The co-ordinator tries to get a different group out each week as there are about 80 seniors on the list. They want to enjoy this hot meal and to socialize for an hour. They are mostly people who live alone and range in age from 60 - 94.

Following this meal the co-ordinator and her assistants arrange for a short program. These have been: slide presentations - "Armchair trips to Hawaii, U.S.* England, Ireland, Scotland, Australia and to the Olympic Site."

A home economist has been out several times to present films, discussions on nutritious meals and budget buying. A dental hygienist has made a presentation.

There has been a Blood Pressure Clinic sponsored by the Sturgeon Health Unit. This was very popular. There are musical programs and most important an armchair exercise routine supervised by Mrs. Cut's. Many of the seniors help to plan the programs and new ideas are always welcomed.

(c) Extra services performed by MOW volunteers

•Driving recipients to and

from the Senior Citizens Centre.

•Taking seniors shopping and to the bank.

•Visiting - sick - handicapped.

•Transporting child for Speech Therapy.

•Will help at Swine Flu Clinics - one Captain obtained 24 volunteers.

•Arranging programs at the Centre.

•Preparing "Write ups"

for the Gazette.

New volunteers and all volunteers find their help and participation in the parts of the Meals on Wheels program very much appreciated.

If you want to help or know someone who needs the Meals on Wheels program please phone the Co-ordinator, Mrs. H. M. Blades 459-7475 or Mrs. Pat Gray 459-7476.

Enthusiasm running high as playground plans proposed

The Parks and Recreation Board zeroed in on the issue of childrens playgrounds at the town annex on Wednesday, December 1, when a number of playground proposals were presented to them.

The search for possible playgrounds had originated with a meeting on October 13 when a steering committee of Pat Gibbons, Vi Oko, Janice Rideout, Cheryl Smart, Joanne Symonds, Gail Schwitter and Elsie Lockert formed to research suitable sites.

Mrs. Oko gave a presentation of the five areas envisioned by the steering committee, and explained that sub committees had been formed to attend to each area.

The proposed areas are Forest Park, Sir Alexander Mackenzie School, Alpine Park, Flagstone Park and Gatewood Park. Each area would have some seclusion and play would be centered

around one "big toy," some form of wooden climbing apparatus utilizing ropes, tires and other elements. This equipment would be purchased from a firm dealing in playground apparatus.

Although the Mission area was originally to be among these areas with a facility at Morgan Park, this idea was scratched and the Mission allocation was proposed for a facility at Langley Park adjacent to Ronald Harvey School.

The Ronald Harvey School group has taken a different approach to the creative playground concept, preferring a community effort, involving all members of the community in all phases, from the planning stages to the completion. However, because of a communications failure between the group and the steering committee, the Langley Park proposal had not been screened by the steering committee prior to

the presentation to the parks and recreation board. Some discussion ensued as to whether the group should be permitted to make their presentation anyway, despite their circumvention of the steering committee. However, in light of the group's enthusiastic attendance at the meeting, armed with a detailed plan, it was decided to let them outline their proposition.

"SCROUNGE" MATERIALS

Lee Carter told the board about the ideas originators, and Gary Frost and Malcolm Holt indicated the advantages of their approach. By using scrounged materials, the town will save money. This had been emphasized earlier in the meetings when the prices of some of the commercially made "big toys" were seen to cost thousands of dollars, where-

Senior Citizens Report

An account of the Christmas sale held last Saturday appears elsewhere in this issue. It was a very successful affair.

On Thursday, December 9, at 1:15 p.m., a varied

program will follow the lunch served through the meals on wheels program. Pat Doerksen, home economics, will give a talk on clothes and fashion generally and Ethel Cuts and Bertha Kennedy

are once again going to get together to lead a sing song. These sing songs are proving very popular and everyone is invited to come along and loosen up their vocal chords. The date of the 'Singing

Christmas Tree' has been changed and all those who put their names on the list to attend this musical event are asked to note that it will be held on **Monday, December 20 and NOT on Thursday, December 16.** Members who won't be able to attend on December 20 are asked to please strike their names off the list at the Centre.

Those going should be at the Centre at 6:45 p.m. On Thursday, December

16 a bus trip into Edmonton to see the illuminations is planned. Once again, those wanting to go are asked to put their names on the list on the notice board at the Centre. Assembly time at the Centre for this occasion is 5:45 p.m.

Tuesday, December 14 is the date of the Christmas Bingo which starts at 7 p.m. The Kinsmen, who have been sponsoring bingos every two weeks for the senior

citizens club, are making plans for some 'extras' on this special occasion.

Prize winners at the card party held on Tuesday, December 7 were Alice Kemps and Bill Zoltenko while consolation prizes were won by Zaida Reimer and Sam Liptak.

Members of the club are reminded of the general meeting which will be held at the Centre on Monday, December 13 at 1:30 p.m.

Seniors Christmas sale

Despite the weather which took a definite turn for the worse, there was a very good turnout for the Christmas sale held last Saturday in the Senior Citizens Centre.

As convener of the sale, Mrs. Dorothy Newman was very ably assisted by a group of ladies and gentlemen, too numerous to mention, who made, baked, constructed, sewed and in so many ways contributed to the success of the sale. Most of the handmade articles were made by a group of ladies who met faithfully every Wednesday afternoon in

preparation for the bazaar and special mention must also be made of the efforts of the men of the club. The fine display of articles made by them drew a lot of attention and admiration - they went like hot cakes. The ladies intend resuming their Wednesday afternoon sessions in January and it is hoped that the men will feel sufficiently encouraged to follow suit!

During the afternoon, Mrs. Margaret Plain drew the prize winning ticket for the beautiful handmade quilt. It was won by a delighted Muriel Tinker, a club mem-

ber, who alleges she had never won anything before in her life.

The St. Albert Senior Citizens Club wishes to express its gratitude for the excellent support received last Saturday. Already plans are being made for another sale. So if you missed the last one, watch out for the date of the next.

Around Town

The St. Albert Lions Club has announced in a report on the Lions Club Community Park that they plan to give the park a face-lift. This would mean revamping existing features and adding something new to the park every year.

** ** *

The Senior Citizens Christmas Bazaar and Tea held at the lodge last Saturday also featured a bake table heavily laden with all sorts of delectable morsels. Mrs. Ellen Liptak, Mrs. Mary Benoit and Mrs. Juliette Lema kept the table well stocked throughout the day.

The Senior's Christmas Bazaar and Tea was a tremendous success. Held at the Senior Citizens Lodge last Saturday, the event drew a large crowd. Tea, coffee and refreshments were served by local Guides. Sam Liptak seemed to be really enjoying himself behind the counter, helping the shoppers, and laughing and joking with them.

How to cut the high cost of garbage

the garbage book

HOW TO SAVE ENERGY AND MONEY BY THROWING OUT LESS

Each one of us discards an average of 4 pounds of garbage a day — 1,500 pounds a year. That's energy we're throwing away!

By avoiding unnecessary products, and reusing and recycling the rest of them, we can save a tremendous amount of energy for Canada. And money for ourselves.

The Garbage Book shows you how to reduce your garbage. It's new and free. Separate chapters deal with packaging, consumer products, food waste, yard waste, composting and setting up a recycling program in your community.

Mail the coupon today for your free copy of **The Garbage Book**.

All you've got to lose is your garbage!

Toy centres aid to gift givers

Canadians spend over \$2 million dollars annually on toys, most of this at Christmas. Choosing a toy as a gift involves more than spending

money. Safety is a factor, as is the affect of advertising for toys on children.

Because of the great demand for toy buying in-

formation, Grant MacEwan Community College's Consumer Education program has collaborated with both the Federal and Provincial

departments of Consumer and Corporate Affairs to sponsor toy buying information centres.

These will be located at the

Londonderry Shopping Centre, Friday, December 10 from 5-9 p.m. and Saturday, December 11 from 10 a.m. to 4 p.m.

Information about toy buying will be presented through displays, brochures, posters and slide presentations.

Bahai's commemorate Human Rights Day

On December 10, the Bahai's of St. Albert will join millions of people in communities around the world to commemorate Human Rights Day. The Bahai community will have a Human Rights display in the St. Albert Public Library. The public is invited to visit.

Human Rights Day commemorates the signing of the Universal Declaration of Human Rights in 1948 by the members of the United Nations including Canada. In recognition of the interdependence of the human race, the Declaration of Human Rights attempted to express a common code of basic human rights applicable to all nations.

The United Nations Declaration states that the "recognition of the inherent dignity and of the equal and inalienable rights of all members of the human family is the foundation of freedom, justice and peace in the world."

Among the rights guaranteed by the historic UN document are: the right to life, liberty and the security of persons; freedom from slavery; equal protection under the law; the right to found a family; freedom of conscience, religion, opinion, and expression; the right to work; and the right to a standard of living adequate for health and wellbeing.

In 1973, the UN launched a Decade for Action to Combat Racism and Racial Discrimination. International Women's Year in 1975 focused the attention of the world on the need to eliminate discrimination against women. Earlier this year, a major international event, Habitat, explored the dynamics of

human settlements and their effects on individuals. On December 11th, UNICEF, the United Nations Children's Fund, which has consistently upheld the basic human rights of children to health, security against war, and decent care, celebrates its 30th year of operation.

The Bahai world community has supported the

basic aim of the United Nations -- to keep peace, to insure universal human rights, and to provide better social and economic living conditions for humanity -- since the creation of the world organization in 1945.

Baha'u'llah, the Prophet-Founder of the Bahai Faith called all the peoples of the world to unite. Only in one common Faith could man-

kind find enduring peace. He said. In His teachings, He stressed the need for world government, the need to eliminate prejudice of all forms, the recognition of the equality between men and women, the need for a universal auxiliary language, for unity between science and religion, and for universal compulsory education of children.

Parsonally Speaking

Pastor B. L. Heath
First Baptist Church
CHRISTMAS LOVE

The Thirteenth Chapter of 1 Corinthians is known by scholars at the love chapter in all the Bible. Clarence Jordan translates it thus: "Though I speak with the tongues of men and angels, but have not love, I am a hollow - sounding horn or a nerve-wracking rattle. And though I have the ability to preach, and know all the secrets and all the slogans, and though I have sufficient faith to move a mountain, but have no love, I am nothing. Even though I renounce all my possessions, and give my body as a flaming sacrifice, but have no love, I accomplish exactly nothing. Love is long suffering and kind. Love is not envious, nor does it strut and brag. It does not act up, nor try to get things for itself. It pitches no tantrums, keeps no books on insults or injuries, sees no fun in wickedness, but rejoices when truth prevails. Love never quits. As for sermons, they shall be silenced; as for oratory, it shall cease; as for knowledge, it will vanish. For our knowledge is immature, and our preaching is immature; but when that which is mature arrives, it supersedes the

immature. For example, when I was a child, acting like a child, I was talking like a child, thinking like a child, so acting like a child, but when I became an adult, I outgrew my childish ways.Now

these three things endure: faith, hope and love; but the greatest of all is love. Seek diligently for love." The Cotton Patch Version of Paul's Epistles.

Workshop available to parents

Beginning early in January, a workshop will be offered to parents who want to learn more effective ways of managing their child's behavior at home. The workshop at 12813 - 116 Avenue, Edmonton occurs one night a week for eight weeks, and is provided free of charge by Behavior Management Services. This Provincial government agency has been offering these workshops in behavior management techniques for the past two years with encouraging results.

Parents who have completed the program have achieved success in many areas: improving their child's eating and dressing skills, reducing the number of tantrums and incidences of disobedience and improving many other aspects of home life. Early in the workshop, parents are encouraged to choose a couple of areas in which they feel their child needs help. Parents learn

how they can make the changes happen with the assistance of a trained counsellor who leads the workshop and makes weekly home visits. Usually, parents can see significant changes in their child's behavior by the end of the eight-week program.

If you have a mentally retarded child whose behavior causes a problem in your home, you are invited to contact Sylvia Matei at Behavior Management Services (phone 427-2065) for further details.

New plumbing firm opens

Braeside Plumbing and Heating Co. Ltd., opened at 14 Burnham Avenue, St. Albert, this week under the ownership of Wayne and Sandra Law.

The Laws spent the summer months on the west coast looking over prospects in the Central Sanich area, eight miles north of Victoria, but decided to return to St. Albert in the face of a somewhat uncertain business climate at the coast. They have made their home and practiced business in St. Albert for about seven years. Formerly they made their home in Edmonton.

Wayne is a journeyman plumber and gas fitter and a master plumber and gas fitter, with 15 years experience in the trade.

The new company will work on home service and maintenance, and automatic controls, and on new residential construction projects.

Sandy Law will serve as secretary, receptionist and bookkeeper for the new firm, and is experienced in all these areas as they relate to the plumbing business.

The couple have two children, Vincent, 11 years and Michell, eight, both of whom attend Sir Alexander MacKenzie School.

School Days

Paul Kane News

By Carolyn Seitz

Outside, fine and gentle flakes were falling, coating the grey and frozen earth with brilliant white. Inside Paul Kane on that Monday the 6th's morning, some students were "decking the halls;" in this case "hall" and boughs of holly are not common around here - they are too expensive.

Our front lobby is now glorified with a Christmas tree, streamers, and fuzzy little white animals on the windows. All this holiday finery (which looks really good) is to tempt students to bring White Gifts to grace the tree, gifts which will later be given to the Kinettes for Christmas hampers.

Plans are being formulated to have a visit from Santa Claus and his Elves. While at the school he might take up a

silver collection. All these ideas are tentative, however, because, with the threat of the mail strike (and it seems that that threat has become such a familiar tune it might as well be a Christmas Carol) we don't know if our letter of application will reach the North Pole in time.

Other planned celebrations for the season are a semi formal dance on December 23 and a Christmas concert on the same day. The dance will be in the Community Hall and will be closed to all but P.K. students. A band from New York, "Rose," will be here to play. As to the concert, it is being planned by the teachers, and all I can squeeze from that occasionally close-mouthed clan is that there will be classroom and individual performances.

SKI ADDICTS HAPPY

The snow falling heralds not only a white Christmas but also a return trip for ski addicts. The journey to Fortress will, I assume, now go forward on December 17-18. Later, during the spring break, the annual trip to Whitefish for five days will again take place, so far as I know. The tab is approximately \$130.00.

Another, slightly more ambitious voyage is being planned for this summer. It will be a 28-day camping trip to Europe. It is open to 30 P.K. kids with \$1,049.00 to spare. Mr. Wiltshire is in charge of the group which will leave the first Thursday of July for Rome, London, Paris, Geneva, the Riviera, Florence, Heidelberg and Amsterdam, to name only some of the places they will visit. Oh, for \$1,049.00.

THE SPORTS SCENE

To get back to earth in closer proximity, the volleyball Provincials on November 27 in Grande Prairie didn't turn out very well for Paul Kane. Seven schools played, two from Edmonton, two from Calgary and three, including P.K., from rural areas. The two Edmonton teams won first and second, the two Calgary teams third and fourth, and the rural teams were, together, last. M.E. Lazerte was the first place winners. Our teams played really well but I gather that lack of competition throughout the season showed. We will be in the City League next year and, so, possibly, we will surpass

our present fifth place position in Alberta.

The Provincial Volleyball tournament (or one of them) for all 2-A schools (100-300 population) was at P.K.H.S. last weekend, though our teams had nothing to do with it.

Last Thursday, the 2nd, our basketball team tried out its logs against Strathcona Composite High School. I guess we were a bit shaky on our first game of the season, and the score ended 52-38 for Sonas.

The girls' basketball is not as organized yet. They have had two or three practices and no cuts so far. More people are needed if a junior team is to be put together.

The 2nd Annual Caper City Basketball Tournament will be held on the 7th to the 11th of this week. All the city's high schools, Paul Kane and some other schools will be playing. The first few games are single knockout and the winner goes to Harry Ainley. Preliminary games are on the 7th, 8th and 9th, semi final on the 10th and the finals are on the 11th. Both the semi-finals and the finals are at 7 and 9 at the U of A on their respective days. M.E. Lazerte, Bonnie Doon, and Harry Ainley are the favorites.

The Caper Tournament not only involves the teams, but the cheerleaders too. Our cheerleaders are entering the cheerleading competition on December 11. That competition is at 12:00 at Archbishop Macdonald. First there is the competition for cheers and later, apparently, the winning cheerleader cheer for whichever teams are in the finals.

DEBATE CLUB

The P.K. Debate Club has been raffling off tickets to win a watch. Students had to buy a ticket and then guess the day, hour, minute and second at which the watch, wound on Dec. 6th stops. The winner gets to choose between two beautiful Cardinal watches, a \$36 man's watch and a \$46 ladies watch.

Another group scheming to raise money is the Grad Committee. They have had a number of bottle drives and hope to stage both a raffle and a bake sale soon. Their next bottle drive will be on December 28, so please, save all those revenue giving and very breakable treasures. Once they have raised the \$1,500 necessary, the Grad will again be at the Edmonton Inn, on May 21. It will be a dinner and dance package featuring "Band of Sound."

Paul Kane jackets and sweaters will soon be on sale in the school. Jacket prices are \$15., \$25. and \$50., and all sweaters are \$25.00. The \$15. jacket is a windbreaker the \$25 one has a lining and the \$50 jacket is of leather. For all, there is a \$5.00 deposit. It has not yet been decided which or what kind of crest will go on the clothing.

NEW MASCOT

At the moment there is a figure that sits all day, every day in the Students' Union office. It has a bulbous little blue body, quite skinny yellow legs, a great and sagging beak and a pair of the funniest eyes I have ever seen. He has not yet been christened, but this little guy is our mascot, symbol and heart of Paul Kane. Long live what's his name!

Town of St. Albert

The Town of St. Albert Utilities Department requires a Water Accounts Clerk.

The successful applicant will be responsible for the operation of the water and sewer billing department. Duties include directing the work of subordinate staff in the billing department, ensure control billings are balanced, handle documents and enquiries from customers relative to turn ons and turn offs, billing procedures and calculations.

Salary Range: \$7,271 - \$9,280 per annum

Applications quoting Competition #76/99 should be submitted no later than December 13, 1976 to Personnel Supervisor, Town of St. Albert, Churchill and Grandin, St. Albert, Alberta. T8N 0G2.

Bertha Kennedy

Community School News

[This is the first of a series of articles that will appear every two weeks dealing with the community school concept and community education]

By Sue Hoffman
Community Development
Co-ordinator

Bertha Kennedy Community School recently opened in Lacombe Park. Through a community school, the community can become involved in a partnership with the school, sharing resources, facilities and information with people of all ages. A community school is a small enough setting to encourage individual community development with maximum community participation. When the school and the community became involved with each other, they begin to foster a sense of community among the people in the area. It is assumed that it is important for people who live in the attendance area know and care about each other. The school regards itself as an important part of the total community system and co-operates with other community organizations to provide educational, recreational and community services to people in the school area.

The school belongs to the community and represents a

very large investment of tax money. Please Turn to Page 14

Teen News & Views

By Kelly Daniels
Community Youth Worker
Since it's getting closer and closer to Christmas I figure I better start with the good news so I have two items to run by you this week.

Firstly, through efforts of the East Side Teens Teen Club the United Church located on St. Albert Trail has been donated for use by this teen club every Friday night barring any special events of the Church. The basement is the place where all the action is going to be starting this Friday night with a disco till 12 midnight. The plan is to have different activities open to the public every Friday night so coffee houses, discos, film nights, etc., will be scheduled for the

Purple Church. I must also thank Rev. Musto and the rest of the congregation for accepting the teens request and being willing to work with this group in their endeavours to provide leisure time activities for the teens of St. Albert.

LIONS HELP WITH TEEN CENTRE

The next little goody is courtesy of the Breakfast Lions Club of St. Albert who have agreed to assist the teens of St. Albert in completing the basement of the Day Care Centre for use as a recreation centre for teens. The final approval of this project has yet to be made by town council but I

am confident that the needs of the teens of St. Albert are obvious. We hope then that early in the new year I'll be advertising for volunteer supervision and the centre will be at least meeting the needs of some of the teens in town.

Thanks again Lions and I

hope we can continue working together in the future.

TEEN SCENE

As mentioned previously E.S.T. are holding a disco in the Purple Church this Friday night. I understand the admission is \$1.00 per

person which is very reasonable.

Also Lacombe Teens are holding a disco in the Grandin Clubhouse Friday night as well but these tickets will be pre-sold in the schools around town.

Now that outdoor activities

are fewer you may want to stop in at one of the gym programs around town. They are all 8:00 - 10:00 at the following gyms - Monday - Vital Grandin; Tuesday - S.A.M. and Sir George Simpson and Wednesday at Ronald Harvey.

playground

Cont'd From Page 8

as, as Mr. Frost pointed out they had already been able to procure parallel materials such as 1500 telephone poles at nine cents apiece. The Langley Park group also pointed out that input from the children would probably lead to pride, not vandalism.

The group displayed a collage of ideas, many of which were child-inspired, using soft elements such as sand and wood and little concrete. Mr. Frost expressed a need for seed money, but said it was difficult at the present to specify the exact amount needed. Other fund raising methods were being initiated.

Mayor Plain, while impressed by the group's ambitions, said he wanted a "hard-nosed" analysis so that funding could be effective. The mayor also expressed concern about the safety aspects of creative playgrounds. Grace Whitehouse was able to provide statistics showing that more accidents occur on traditional equipment than in creative playgrounds.

After some discussion

concerning the appropriate procedure, it was decided that the Langley Park group would meet with the parks and recreation steering com-

mittee and formulate a package. Parks and recreation will then make a recommendation to council about funding. The Board does not

have the authority to go beyond a recommendation, or to allocate recreation funding by the town.

Bertha Kennedy

Cont'd From Page 13
dollars in most communities. The close proximity of a school to people places them in an ideal position to serve people in many ways beyond the provision of formal

learning experiences for children and youth.

The general aim of a community school is to help students and adults become informed and motivated participants in community living. In this role the school tends to be a stimulator in seeking overall community development. It helps to provide human and physical

resources to serve the child, the family, and community groups.

The community school actively reaches out to involve people by creating opportunities for them to belong, to learn, and to give, thereby seeking to create a "sense of community."

Let's hear from you soon with your ideas. Our school phone number is 458-6101.

Play's the thing

Cutting out paper snowflakes, doodling on scraps or notepads, toying with a few blocks of wood - your imagination runs free. Some of the world's greatest ideas have come from "playing." And "Play's the Thing."

The National Museum of Man and Alberta Culture bring a special exhibition titled "Play's the Thing" to the Provincial Museum of Alberta between November 26th and January 16th. The exhibition features homemade traditional toys - in fact almost 200 toys and games from the collection of the National Museum of Man's folk culture department.

"Play's the Thing" is both instructive and nostalgic. Parents will remember how they used to make soap-box racers, kites, tin telephones and darts. Children will be fascinated by the array of puzzles, rattles, "musical" instruments, moose calls and dancing puppets they can actually operate. The exhibition is supplemented by a short film about spinning tops and a slide show illustrating homemade toys from many lands.

"Play's the Thing" presents a complimentary dis-

play for the festive season to the Provincial Museum's exhibit of manufactured play things titled "The Small World of Toys." These ex-

hibits can be enjoyed daily at the Provincial Museum, 12845 - 102 Avenue in Edmonton, where admission is free.

Letters to Santa hold surprises

Santa is a very busy man around this time of year. Not only is he frantically preparing for his trip on Christmas Eve, he is also very involved in answering the many letters he receives from far and wide. To help him handle the enormous volume of mail, he has enlisted the assistance of several helpers.

One of these inside sources in Santa's Mail Room was talking the other day about some of the letters which had arrived at the North Pole over the past few weeks.

One young man asked Santa to bring his grandmother a motorcycle and a crane for Christmas. Another child began his letter with "Dear Santa, This is going to be a very colorful letter!" The letter was written in many different shades of crayon. Very nicely done too.

One of Santa's letters began by telling Santa that if he didn't get everything that he wanted he would beat Santa up! How shocking. There was also an apology to Santa for pulling his beard last year. The young person realized that it must have hurt a great deal, expressed his sincere regrets and hoped that he would be forgiven.

There were many young writers with enormous lists of toys for Santa. Sometimes they asked for 20 or 30 different items.

There were several letters written by parents for the children too young to write their own letters. Santa thanks these helpful parents.

One final item raised a question around Santa's Mail Room. Someone had sent an Edmonton Public Utilities bill to Santa and he's just not sure what to do with it.

MAG CARD 11 OPERATOR [WILL TRAIN]

To be trained in our Word Processing Dept. Applicant requires an accurate typing speed of 60 wpm and two-three years office experience, preferably related to engineering or construction. A high degree of self-motivation is also necessary and experience on a Mag 11 or similar machine would be helpful.

Excellent compensation and benefits package including dental plan. Attractive salaries and advancement opportunities offered. Please contact:

Garbage normally picked up MONDAY, DECEMBER 27, 1976, will be picked up on TUESDAY, DECEMBER 28, 1976.

Garbage normally picked up for MONDAY, JANUARY 3, 1977 will be picked up on TUESDAY, JANUARY 4, 1977.

RESIDENTS ARE ASKED TO HAVE THEIR GARBAGE AT CURBSIDE BY 7:30 A.M. ON PICK-UP DAY.

Ethier - Linden wedding

The marriage ceremony uniting Penny Linden of Edmonton and Bernard Ethier of St. Albert was held on November 20, 1976 at the St. Albert Roman Catholic Church. The ceremony was officiated by Father Al Roy.

The groom and his best men wore light brown tuxedos with dark brown trim. The best men were Robert Ames, Clayton Grabher and Darren Sitko.

Penny, second daughter of Helen and Norville Linden was escorted to the altar by her father. She looked stunning in a white floor length gown with a full flowing veil. Penny carried a bouquet of

yellow sweetheart roses. The bride's three attendants were Sherron Sitko, maid of honour and sister of the bride, Elspeth Grabher, wife of best man Clayton and Denise, niece of the bride.

The grandparents of the groom were present - Mrs. Mathilda Ethier and Mrs. Anne Pichka.

Ushers were Bruce Ethier, brother of the groom and Mel Linden, brother of the bride.

After the ceremony a reception was held at the home of the bride's parents.

Lorne Vivier of Edmonton, a very good friend of the family, did the photography.

MR. & MRS. BERNARD ETHIER
Photo by Lorne Vivier

Children can eat this wreath

A popcorn ball wreath makes a lovely table or mantle decoration that may be pulled apart and eaten after the festivities. Particularly nice for a children's gathering.

YOU WILL NEED: 4 quarts popped corn, (10½ oz.) bag miniature marshmallows, ½ cup butter or margarine, 1 tsp. vanilla extract, ¼ tsp. salt, red and/or green colored sugar, twist ties, narrow red ribbon, wide red ribbon, 10-inch squares of clear cellophane.

HOW TO DO IT: Place popped corn in a very large bowl and set aside. In a large pan, combine marshmallows and butter. Cook and stir over low heat until butter is melted. At once remove from heat and pour over popped corn. Wet or butter hands, then use popcorn mixture into 12 mounds and set on waxed paper. Work quickly. Sprinkle a small amount of colored sugar on another piece of waxed paper. Shape

each mound of popcorn mixture into a ball about 2½ inches in diameter. Roll ball in coloured sugar. Sprinkle more coloured sugar onto waxed paper as needed. Let popcorn balls dry for about two hours.

For a double colour wreath, make a second batch of popcorn balls using a second colour.

After all popcorn balls are dry, wrap each tightly in a square of cellophane, pulling corners of the square of cellophane together. Use a twist tie fastener to close the cellophane wrap. Tie a narrow red ribbon over each twist fastener. Make bows or streamers as desired.

Form a circle using 12 green popcorn balls. Pile remaining red balls, if used, in centre of wreath. Attach wide ribbon streamers to each popcorn ball on the outer circle. Let each person at the table pull a ribbon streamer to reach the popcorn ball.

Isekes celebrate 45th wedding anniversary

The 45th wedding anniversary of Herman and Lillian Iseke was marked on Sunday, November 28, 1976 as family and friends honored a pioneer St. Albert couple.

For the immediate family, the happy day began with brunch at the home of son and daughter-in-law, Dave and Kaye Iseke. The family then attended mass at the St. Albert Roman Catholic Church, where Father Roy asked a special blessing and conveyed the best wishes of the Parish to mark the occasion.

An open house, held at the Club Mocambo from 2 - 5 p.m., brought together over 200 relatives and friends from near and far to congratulate and visit with the honored couple in a cosy and informal setting. Miss Corinne Iseke, the eldest granddaughter in the family, was in charge of the guest book. The couple's eldest son, Firmin of St. Albert, acted as master of ceremonies while

his parents performed the traditional cake cutting ceremony. All assembled then joined in a rousing "For They Are Jolly Good Fellows" and three cheers of good wishes, followed by a delicious buffet prepared by Mrs. Wilson and staff at the Club. Dave Thomas, a family friend, took family pictures and recorded the delightful afternoon with many candid shots. Many beautiful cards, gifts and monetary tributes were received, as well as congratulatory messages from Premier Peter Lougheed, MLA Ernie Jamison, MP Marcel Lambert and PC Leader Joe Clark.

Both Herman and Lillian are members of well-known pioneer families in the St. Albert-Morinville areas. The Iseke family came from the Dakotas in 1895-96, and Lillian is the great-granddaughter of Olivier Belle-rose, who came to the St. Albert area in 1840 from Trois Rivieres, Quebec to trade furs more than 20 years

before Father Lacombe established his mission here. The history of both families is intertwined with the settlement and growth of this area.

Herman and Lillian were married November 28, 1931 at Sacred Heart Church, Edmonton. They farmed in the Morinville area before moving to the vicinity of the Star Key Mine, where Herman was employed for many years.

In 1950, they moved to St. Albert, where they still reside. Helping them to celebrate this anniversary were their six children and spouses, Firmin and Marg Iseke of St. Albert, Doreen and Nestor Pawlyna of Edmonton, Bernard and Carol

Iseke of St. Albert, David and Kaye Iseke of St. Albert, Marina and Guido vanlim-schoot of Stony Plain, and Linda and Doug Dale of St. Albert, and the 13 grandchildren. The afternoon also became a reunion for the Belle-rose family, as all 10 of Lillian's brothers and sisters travelled to join the anniversary celebrations. In spite of Grey Cup activities and rather adverse driving conditions, guests were present from Vernon, B.C., Whitecourt, Cointon, Golden, B.C., Busby, Legal, Mearns, Morinville, Bon Accord, Calmar, Onenaw, Stony Plain, Waskataneau, Viking, Edmonton, and, of course, St. Albert.

MR. & MRS. HERMAN ISEKE

Bride-elect honoured

Mrs. Isabelle McBride and Miss Julie McBride co-hosted a miscellaneous bridal shower in honour of Miss Elaine Jordan, a November bride-elect. The shower was held at the McBride residence in Viscount Estates. Friends and neighbours honoured Elaine on Wednesday, November 10.

The room was tastefully decorated with yellow and white streamers and pink and white bridal bells.

Games and contests were enjoyed by those present.

Elaine, assisted by Miss Shirley Bauwens, opened her variety of beautiful gifts and gracefully thanked the guests.

A delicious lunch was served by the hostesses Marie Tene, Paula Connor, Coleen Bauwens and Joanne Jordan. A highlight of the lunch was a beautifully decorated bridal cake, made by Mrs. Lou McLaren.

Guests were: Mrs. Margaret Jordan, mother of the bride-elect; Mrs. Laurette L'Heureux - mother of the groom-elect; Mrs. Mary Huberdeau, grandmother of the bride; Miss Emma L'Heureux, Misses Susan and Joanne Jordan, Mrs. Joan Peskett, Mrs. Lily Webb, Mrs. Joyce Stephaniuk, Mrs. Helen Wiens, Mrs. Ev. Lyseko, Mrs. Simon Wur-

zer, Mrs. Gloria Tene, Mrs. Loretta Zorniak, Mrs. Frances Connor, Mrs. Lou McLaren, Mrs. Phyllis Schoefield and the Misses Mavis Laren, Shirley Bauwens, Coleen Bauwens, Bev Pes-

kett, Kathy Zorniak, Rosemarie Tene and Paula Connor. Unable to attend were Mrs. Betty Parnwell, Mrs. Simone Bauwens and Mrs. Lil Gascard.

Shopping without pain

If you'd rather not join the gift-buying stampede in the shops, try a new approach this year.

DON'T GO TO THE STORE - call around for things you've seen before or spotted in the ads and have the store deliver. Order from gift catalogues by phone

(leave ample time to send back any disappointments and then re-order, if necessary).

SHOP DEFENSIVELY - go to the store when the crowds are thinnest - supper hour, right at opening time, when the weather's disagreeable. If you find one great gift, get it for everybody on your list who'll love it. Carry addresses and gift cards so you can save time and have the store send out what you want immediately. Phone ahead instead of tramping around to several stores.

PUBLIC UTILITIES BOARD FOR THE PROVINCE OF ALBERTA

IN THE MATTER OF "The Public Utilities Board Act," being Chapter 302 of the Revised Statutes of Alberta, 1970, as amended:

AND IN THE MATTER OF "The Gas Utilities Act," being Chapter 158 of the Revised Statutes of Alberta, 1970, as amended:

AND IN THE MATTER OF rates for gas supplied and service rendered to be charged by Northwestern Utilities Limited, the owner of a gas utility.

NOTICE OF PUBLIC HEARING

APPLICATION having been filed with the Public Utilities Board by Northwestern Utilities Limited (hereinafter called "the Applicant") for an order or orders of the Board:

(a) determining a rate base for the property of the Applicant that is used or required to be used in the Applicant's service to the public, and fixing a fair return thereon;

(b) fixing and approving just and reasonable rates, charges or schedules thereof for natural gas to be supplied by the Applicant;

(c) giving effect to such part of any losses incurred by the Applicant as may be due to any undue delay in the hearing and determination of the application;

(d) approving rates which will take into account any increase or decrease in the costs of gas supply;

(e) fixing and approving such interim rates pending the fixing of final rates as the Board may determine.

TAKE NOTICE that the Board will hear the application for interim rate relief at the Court House in the City of Edmonton, in the Province of Alberta, on Thursday, the 16th day of December, 1976, commencing at 10:30 o'clock in the forenoon, or so soon thereafter as the application may be heard.

AND FURTHER TAKE NOTICE that the Board will hold a Pre-Hearing Conference as soon thereafter as the Applicant, the Interveners and Counsel thereof may be heard, to consider:

(a) the simplification of the issues.

(b) the necessity or desirability of filing further material.

(c) the possibility of obtaining any agreement as to facts that will facilitate the hearing; and

(d) any other matters that may aid in the disposition of the application;

AND FURTHER, the Board advises that those parties who wish to take part in this hearing may obtain the material filed in support of the application by applying to the Applicant in care of its Solicitor:

Stand - in Christmas tree

You don't have to splurge and buy a spruce or fir to have a Christmas tree. Among your houseplants you may have the perfect "tree" to decorate for the holidays.

Taller, woody stemmed plants like Ficus benjamina, palms, citrus trees, Norfolk Island pines are ideal. They can hold feather-weight trimmings like ribbon bows, small glass ornaments, tiny candy canes, popcorn strings, tinsel ropes, and miniature white lights.

Your leather greenery can be draped with the lightest of tinsel and paper cutouts. If you keep the ornaments lightweight and don't punch holes in the greenery, just about anything goes. HOWEVER, don't try to flock your plants, they'll suffocate and will not survive.

Use your imagination when it comes to a top ornament for your tree. Few plants have tops that will support a heavy traditional star. Try wiring a lightweight straw angel or small artificial doves to the top of the plant.

Hang decorations on the "tree" with string loops, light gauge wire, on monofilament fishing line. The usual wire ornament hangers add weight your plant won't like.

Entertainment

Concert preview

The Women's Auxiliary of the Edmonton Symphony Society will be presenting a concert preview in the Music Rooms of the Central Public Library at 9:30 a.m. Friday, December 10th.

Featured will be the work of violinist Stefan Stalanski. Admission is free and

everyone is welcome to attend.

FILMS

Featured in the Classical Musicals of the 30's series on Saturday, December 11th at 2 p.m. in the Library Theatre will be the film "Love Me

Tonight," on Sunday, December 12 the films, "The Fun Factory," "The Bolero," and "The Making of a Live TV Show" will be presented at the same time and place as part of the Flickers series.

Admission to both series is

free.

WATERDALE THEATRE

Here's a chance for you to spend an evening with your family, at the same time, recapture the magic of childhood and Christmas.

Waterdale Theatre presents "The Beeples" by Alan Cullen, December 14 - 19 inclusive. John Willy Entwistle played by Jim Kelly and Humble played by Tim Davison will take you on an adventure through the Land of Hex.

Director Stephanie Coldwell and cast invite you to spend a delightful evening in fantasy land December 14 - 19 inclusive at Waterdale Theatre.

Advance tickets for "The Beeples" are available now at the Bay Box Office.

Gallery hosts Christmas workshops

The Edmonton Art Gallery invites children to come to a Christmas card and wrapping paper workshop on Sunday, December 12 from 2-3:30 p.m. Children will explore collage, printing and painting or drawing as

methods of making those two items. All materials will be supplied.

The following Sunday, December 19, also 3-3:30 p.m., the Gallery will host another workshop to make Christmas decorations. The

ere will be drawing and painting decorations and making of three-dimensional paper decorations as well as the stringing and staining of popcorn and macaroni. Most of the materials for this event will be supplied. The children can help by bringing

buttons, feathers, toilet paper rolls, egg containers, L'eggs Panty Hose containers and medicine containers. After making the decorations, the children can decorate the Christmas Tree in the Gallery's foyer and also take home some of the

decorations for their own Christmas trees.

The two workshops will be held in the Gallery's Art Education area. And parents: The children will be messy, but they'll have a lot of fun, so PLEASE DO NOT DRESS THEM IN THEIR "SUNDAY BEST." An old shirt would act very nicely as an overall.

Hovel encourages amateurs

The Hovel offers aspiring artists a chance to perform on stage before a live audience every Wednesday night at OPEN STAGE. Performers are admitted free

and listeners are asked for a nominal 50¢. Not a bad bargain in these times of inflation and Christmas expenses. Each performer gets 15 minutes to do his thing, be that dancing, singing, re-

citing, miming, juggling, or whatever.

Thursday, December 9th sees Tacey Ryde at The Hovel. This feature was scheduled for last Thursday but due to unforeseen cir-

cumstances it had to be changed to this week at the last minute.

This weekend's entertainment is Willow River, featuring the inimitable Larry Saidman direct from up north. An act that's sure to be great.

The Hovel is closed on Monday's so don't show up expecting to be entertained.

The Hovel management would like to advise patrons that the work on the washrooms, begun so long ago, is nearing completion. It's amazing how much can be accomplished in such a short time!

Gallery offers free guided tours

The Edmonton Art Gallery offers free general tours of exhibitions to students from kindergarten to Grade 12, adults, senior citizen and special groups such as conventions. Conducted by Do-

cents (tour guides) trained at the Gallery, these tours are planned for the age level and interest of each group.

The tours are never boring and they are never a run-down on the works of art

in the exhibitions. The important thing is to guide the visitors to "look" at the works of art. With smaller children, the docents use a lot of visual aids. Sometimes, a felt board, with different colours and shapes, is used, for the children to make an abstract painting themselves. The docents also play games with the children - by acting out the painting such as playing the horse, the trees, the farmers, the cows. The objective is to make the children "look" at the painting closely and be aware of the color, texture and composition.

Tours are available Monday through Friday, 10:15-3 p.m. (tours are approximately one hour long). No docents will be available on Tuesday afternoons when they receive training from the Gallery staff.

in Great Britain in 1975. Billed for Sunday, December 12 at 7 p.m., this film features such stars as Ryan O'Neal, and Marija Berenson. Rated Adult.

SUB Theatre will feature the MELAB Christmas Concert on Wednesday, December 8th at 8 p.m. No admission. Six groups will be performing under 19 conductors.

(Performers are high school students, conductors are student teachers).

Top films come to SUB

Alice Doesn't Live Here Anymore and Barry Lyndon, two top films which were popular at the local theatres not so long ago will be screened at the SUB Cinema this week. Alice Doesn't Live Here Anymore will be shown on Saturday December 11 at 7 and 9:30 p.m. This film is directed by Markin Scorsese and the cast includes Ellen Burstyn and Kris Kristofferson. Rated Adult. Not Suitable for Children.

Barry Lyndon, directed by Stanley Kubrick, was filmed

OLD FASHIONED FUN AND GOOD FOOD

Good films lined up at Cinematheque 16

Edmonton's only "underground" repertory cinema, Cinematheque 16, will be screening three great films this week at their location in the Edmonton Art Gallery.

Thursday's screening will be McCabe and Mrs. Miller, a film directed by Robert Altman and rated "Restricted Adult." Warning: Language used may be objectionable to some. Warren Beatty and Julie Christie star in what is considered by many critics to be Altman's best. This film is an interesting reworking of classic Western themes, within which Altman expanded and developed his stylistic experimentation with cameras and sound techniques. Made in the United States in 1971. Show

begins at 7:30 p.m.

Bananas, a colour film made under the direction of Woody Allen, is rated 'Adult, not suitable for children.' Woody Allen, Louise Lasser, Carlos Montalban, and Howard Cosell star in this hilarious assortment of

good jokes, bad jokes and bizarre ideas. The film is built around the unlikely premise of Woody becoming involved in a revolution in a small Latin American "banana republic." Made in the United States in 1971. Screening begins at 7:30 p.m.

on Friday.

Tunes of Glory winds up the week on Sunday at 2 p.m. This 'Adult' rated film was made in Great Britain under the directorship of Ronald Neame with a cast of such stars as Alex Guinness, John Mills, Susannah York, Kay

Walsh and Dennis Price. This is a superbly acted character drama, set in Scotland, of the conflict between a callous regimental colonel and his young replacement. Neame's other credits include Major Barbara, and Billie Spirit as cameraman. Brief Encounter, Great Expectations and Oliver Twist as producer. The Horse's Mouth, the Chalk Garden and The Prime of Miss Jean Brodie as director.

The Shochor Theatre run for three weeks, while the four Rice Theatre productions run two weeks. Tickets are available at the Citadel Box Office 425-1820 for every production three weeks prior to the opening.

The Citadel's twelfth season in full swing

The Citadel Theatre is in full production in the first season of the new Citadel complex. The Shooter Theatre opened November 13, 1976 with Theatre Director John Neville's presentation of Shakespeare's Romeo and Juliet. The Rice Theatre opens December 6, 1976 with Ibsen's The Master Builder directed by John Neville.

The 76/77 season in the 685 seat Shooter Theatre continues with EQUUS by Peter Shaffer directed by Kurt Reis, opening December 18th. A long running Broadway and London hit, Equus develops the progress of the psychiatrist Martin Dysart (played by Kenneth Haigh) as he explores the mind of a young stable boy

Alan Strang (played by Ian Deakin) who has committed a horrifying crime... Oh Coward! with words and music by the master Noel Coward, opens January 22. Oh Coward! is devised and directed by Roderick Cook and stars

Brian MacKay, John Neville and Diane Stapley.

The Rice Theatre, the Citadel's 200 seat studio theatre, presents four productions for its third season. Following The Master Builder, January 10th opens

Beverly Simon's Crabdance directed by Malcolm Black. A tragic comedy which transmutates the commonplace of everyday existence into an elaborate ritual, Crabdance stars Florence C. Paterson. All six presentations in

The Shooter Theatre run for three weeks, while the four Rice Theatre productions run two weeks. Tickets are available at the Citadel Box Office 425-1820 for every production three weeks prior to the opening.

Christmas at the St. Albert Library

By Margrit McCreath
The Library is happy to provide for its patrons a fine assortment of books on every phase of Christmas from gift making and wrapping, decorating, baking to just relaxing, reading about this joyous season.

The following titles, to name a few, are suggested:

Better Homes and Gardens Holiday Decorations you can Make. Contains over 300 projects to give your home that holiday spirit and easy Christmas projects children can make.

A Wreath of Carols. For children you love, or to cherish yourself for Christmas to come, this is the perfect book of Christmas songs.

Parents' Magazine Christmas Holiday Book. Is the story of Christmas with a

treasury of favourite reading, music, cookery and holiday activities.

Christmas Hells are Ringing. A delightful anthology of quaint, traditional, reverent and gay modern poetry for the holiday season.

Christmas the World Over. A sparkling account of Christmas telling, how the season of joy and goodwill is lived, observed and enjoyed in the various countries of the world.

Gift Wrapping. For when your Christmas shopping is all done we have this book which contains simple and concise steps on how to make beautiful packages.

A special Christmas activity is planned for Saturday, December 11. From 1-3 p.m. school-age children are welcome to participate in a Christmas craft making ses-

sion. Come and help us decorate the Library!

Recreation News

Submitted by St. Albert Parks & Recreation Dept.

OUTDOOR ICE

After waiting so long for our outdoor ice, we hope the weatherman co-operates in helping us retain it. We would like to point out at this

time that if the temperature goes above 0°C we would ask that the outdoor rinks not be used as they are scared so badly it takes a lot of maintenance to get them back to a good skating surface. Your co-operation in this regard would be greatly appreciated.

AKINSDALE OUTDOOR RINKS

Public Works advise that they are still working on the social and hockey rinks at this site. Again, depending upon the weather, it is hoped that they will open by December 10 or 11. For residents of this area, the closest rink for you at the present time is Flagstone rink on Flagstone Crescent.

NORDIC SKI CLUB

Due to the limited amount of snow, the cross country skiing beginners class arranged for December 10-12 inclusive has been cancelled and will be rescheduled early January 1977. Persons who have been registered for this class will be notified of the revised date.

Those wishing to purchase equipment and require some guidance in this regard are advised to contact the Club's instructor, John Woiwienko, 459-4831.

GYM CLUB REGISTRATIONS

There are a limited number of openings in the Gym Club for persons six years and up. Registrations for the session starting January 10 will be taken Tuesday, December 14 at Lorne Akins Junior High School between 7-8 p.m. Registration fee is \$12.00.

MOMS AND TOTS SKATING

The Moms and Tots skating held every Wednesday at the Arena between 10:30-11:30 a.m. will be cancelled for the Christmas week. We will be publishing a holiday skating time schedule at a later date.

POWER SKATING REGISTRATIONS

Registrations for the Pow-

er Skating will be taken at the Mission Clubhouse, Saturday, December 11 between 10-12 noon. The registration fee is \$8 per person as well as a \$1 membership fee per family. If you have just completed a power skating session and paid your \$1 membership fee this levy will not apply for this registration. Only 175 applications will be accepted for the session commencing Tuesday, January 4, 1977.

BRIDGE

A proposed course for our winter programs to start late January is "An evening of bridge - playing with supervision." This would be an ideal way to practice your bridge. It is proposed for Friday evening 8-10:30 p.m. at the Akinsdale Clubhouse. If you are interested in this type of a session, please call Parks and Recreation 459-6601.

SHINNY HOCKEY

Wilf Van Lersburgh our shinny hockey co-ordinator advises that the session for the boys will be starting Thursday, December 9. He has volunteer fathers from each area assisting him, and who will be contacting those boys registered. Children are asked to bring their own pucks for this session.

Trim a tree naturally

Creating table trees and getting inspiration from nature isn't exactly a new idea... nor is decorating at holiday time with natural materials. But with a deft hand, an eye for colour, line and proportion you can make some lovely table decorations from materials readily available - and have a lot of fun in the bargain.

Shells, nature's gifts from the sea, can be used to trim a tree. A nice size table tree stands about 22 inches high and measures about 14 inches in diameter. For this size, use half of a 40 inch diameter circle of one inch mesh wire; cut a paper pattern first, then lay it on wire, cut with tin snips or wire cutter. Shape into cone, making a double thickness of wire. Cover cone with a layer of cotton batting by attaching to wire cone with glue or tying with thread. Using points of scissors, make holes through cotton for light string. Working from inside and starting at top of cone,

insert a light through each hole. Use half a pipe cleaner to attach light cord to cone so bulbs will stay in place. Cover entire cone with sea-shells, gluing one area at a time.

Freshly cut greens are usually close at hand and make a delightful tree decoration. Red carnations, spilling over the sprigs of variegated holly (or whatever you use) add to the effect. To make the tree, anchor Oasis (foam that comes in rounds or bricks which can be saturated with water, obtainable from florist or plant section of department store) to an aviary wire cone. Cover in tree fashion with evergreens and sprigs of holly. To trim, contour the tree with an outline of short stemmed red or white carnations.

When all greens and flowers are in place, wire green peppers and mushrooms to the tree with wooden picks that measure about three inches in length.

If you've gone along for years thinking that artichokes are only for eating, then you'll be amazed at what a lovely table tree they make! Anchor Oasis to an inverted stoneware pot with green floral tape; cover with cone made of aviary wire. Insert two inch wood picks into artichokes and stick opposite ends of picks into cone. Wire on shiny balls, green string beans, and sections of cauliflower.

592,000 gallons of gas seized

Environmental Protection Service officers have seized 592,000 Imperial gallons of leaded gasoline imported by Imperial Oil Limited at Churchill, Manitoba, federal Fisheries and Environment Minister, Romeo LeBlanc, announced recently.

The fuel is suspected of exceeding the federal Leaded Gasoline Regulations prescribed under Section 22 of the Clean Air Act.

It appears from the investigation to date that Imperial Oil Limited has failed to report to the Minister of Fisheries and the Environment, as prescribed by the Regulation, that leaded gasoline was being imported to the Port of Churchill.

Legal proceedings may be considered once investigations have been completed.

Big game on fish and game agenda

St. Albert Fish and Game Association will be holding their monthly meeting on Tuesday, December 14th, 1976 at the St. Albert Community Hall. Three films will be shown -

- *Measuring Big Game

animals

- *Big Horn Sheep
- *White Tail Deer

Due to the December meeting being a refreshment night there will be a nominal charge at the door.

Badminton tourney results

Young St. Albert badminton players gave a good showing in the Edmonton and District Junior Badminton Tournament on December 4 and 5. Dorothy Kirk St. Albert, won in the girls under 13 category, and she then teamed with Gavin

Miller of the Royal Glenora Club to win the mixed doubles. Kevin Sage and Stephen Kirk, both of St. Albert won the boys' doubles under 16. Kevin Sage also won the consolation singles under 16.

St. Albert hosts dance tests

Wednesday, December 1st the St. Albert Figure Skating Club hosted the first attempt

at centralized dance testing. All went well, as eight figure skating clubs participated: Jasper Place, Flite, Auralia,

Juvenile hockey in full swing

The Juvenile hockey program in St. Albert is now providing some excellent games this season to date from our three teams who are all doing well in their respective leagues.

The Neil Flynn Esso Truckers team are in top spot in the six-team Highway 14 League with seven wins in eight starts to date and are at present the best in the league.

Our other team in the league, L.B.H. Builders are in third far behind and before the season is out

should be in second spot. Our third team is now playing in the Northern Alberta Rural Hockey League with teams from Athabasca, Gibbons, Redwater and Morinville and to date have won their first two league games by scores of 6-3 over Morinville and 8-1 over Athabasca.

The Kinsmen program has about 60 boys playing juvenile hockey and it no doubt will increase next season with the enthusiasm the boys are showing this year.

Local sport coaches complete level 1 theory - technical to come

"Coach, how can I skate faster?"

"Coach, why am I 20 pounds lighter and four inches shorter than Peter - after all, we're both 13 years of age?"

"Coach, I have sore muscles in my legs - what should I do?"

Answers and ideas to these and dozens of other questions have been shared by a group of St. Albert coaches. Ed Alpaugh, Ray

Auer, Rob Beheils, Albert Findlay, Paul Hogan, Bert LaBuick, Judy Laughy, Bob Mansell, Bill Shore and Raphe Steink recently completed the Level 1 Theory section of the National Coaching Development Program. They are now more prepared and qualified to serve as coaches in the variety of minor sport programs that are available in St. Albert.

Al Alain, Bob Cram, Paul

Fekete, Eric McCormick and Ed McKinley have partially completed the course and upon completion will receive official recognition of their status by being certified as Level One Coaches.

The course sponsored by the St. Albert Parks and Recreation Department in co-operation with the Provincial Department of Recreation, Parks and Wildlife consists of eight 2 hour sessions dealing with topics such as the role of the coach, sports psychology, sports medicine, and training methods. Using films, question and answer and group discussion techniques, each of the areas is explored and an awareness of the importance of the various areas is discovered.

Having now completed the Theory Level 1, these coaches

will be attending technical courses in the sport of their interest, be it hockey, soccer, track and field or diving. Upon completing the technical course and using the knowledge gained in a practical situation for one year the coach will become officially certified as a Level 1 Coach.

This certification program is recognized throughout Canada and provides a classification system that will eventually guarantee good coaching at all levels of any sport.

Would you like to become a certified Coach? Phone the St. Albert Parks and Recreation Department at 459-6601 and enroll in the next course which is scheduled for Friday evening and Saturday, January 22 and 23 and January 28 and 29.

Baseball meeting scheduled here

The hiring of a full time executive director will be one of the key items discussed at the Alberta Baseball Association's annual meeting December 12th in St. Albert.

"A major province-wide program like ours requires effective day to day management and promotion, and the load is just too heavy for volunteers," says President Allan Wilson of Edmonton.

The ABA has been seeking financial assistance from the provincial government for an executive director. "So far, we have not been successful. It's time to force the issue," Mr. Wilson said. "Alberta is dragging behind most other provinces in its administrative assistance to amateur sport."

Another motion to be considered at the meeting calls for the creation of a Two-Lite division for players 35 years and older.

An election of officers will be held. It is expected that Mr. Wilson will stand for a third term.

A highlight of the meeting, to be held at the St. Albert Inn, starting at 9 a.m. will be the presentation of the Ted Rudd Coach of the Year

Award, and the Carling O'Keefe Award of Merit, the top individual award in amateur baseball in the province.

Local skater brings home gold medal

December 3rd saw 11 year old Natalie Lassiter return home from Red Deer with the gold medal in Juvenile Ladies Singles.

Seventeen skaters competed for the winner's title last week in Red Deer, this year's

host of the Alberta and North West Territories Sectional competition. Natalie, third after figures, jumped to first place after a fine freeskate program, to claim the gold medal and trophy, over Danni-Lou Gibson, of the Royal Glenora Club, leader

after figures.

Natalie skates a total of nine and a half hours a week, out of our St. Albert Figure Skating Club. Dedicated labor achieves laurels, and it certainly has for Natalie. Congratulations to this deserving young skater.

Concentration and hard work were rewarded last weekend when 11 year old Natalie Lassiter placed first in the Juvenile Ladies Singles in Red Deer. Natalie received a gold medal and a trophy, as well as congratulations from her fellow skaters, teachers, friends and family. Natalie is pictured here practicing her 'figures.'

Generals on the move with pair of wins

St. Albert Standard Generals have won their last three starts and improved their league record to 8 wins and 4 losses, which should give them second spot in the nine-team Alberta Junior "B" Hockey League standings.

Generals came up with a pair of wins over St. Paul Canadiens by scores of 6-4 and 7-4 and also defeated Barrhead Jr. Elks 7-4 in Barrhead.

Lloydminster Border Blazers are in first place and

unofficially are about eight points ahead of the Generals.

St. Albert however leads the Western division teams with Barrhead, Hinton and Edson following in that order.

Coach John Ewen has finally been able to re-unite the line of Matt Lister, Roger Meunier and Terry Kieser and in the last three games the line has scored 14 goals and 11 assists to lead the Generals in the three wins. Meunier missed the first eight games with a shoulder

injury, but appears to be alright now as he has scored five times in the last three games.

Captain Matt Lister continues to lead the Generals in the scoring race scoring 17 goals in 12 games and also helping out on 10 others for 27 points, eight more than runner-up Terry Kieser.

The month of December will be a big one for the team as they play a total of 11 games with seven being on the road where its always tough to win consistently.

Generals have already won two of those games and with a little luck should do alright, as their only toughest test will be against Vermilion. They play Hinton for times and Edson three times in that span.

On November 28th St. Paul Canadiens came to St. Albert for their first line and lost 6-4 with Matt Lister and Terry Kieser scoring a pair each.

Saturday the team travelled to Barrhead for the first meeting of the year with the Jr. Elks and played a very strong game to come out, on top of a 7-3 win. Generals were never behind and had period leads of 3-1, 6-3 and also scored the only goal of the third period. Roger Meunier, Terry Kieser and Greg Thibert led the way with two goals each while rookie Blaine Galbraith added the other with his fourth of the season.

ROGER MEUNIER

LISTER STRONG IN ST. PAUL

The next day the team was off to St. Paul and handed the Canadiens a 7-4 defeat after being behind 3-1 early in the second period. Lister was the big gun with his second hat trick of the season and rated his goal total to 17 which should be among the top three or four goalscorers in the league. Darrel Billsten, Jim Gervais, Bernie Fizer and Roger Meunier added the others. The game saw both teams play some excellent hockey and both

teams managed only six minor penalties.

Generals are receiving some very good goaltending from Norbert Scholz and Ralph Chambers who is back with the team after being cut early in the season. Jim Gervais is another newcomer on the forward line and has picked up a goal in each of his two games with the team. If he plays like the other Gervais from Lloydminster then the Generals will have some added scoring punch.

Generals next home game will be this Thursday against the Barrhead Jr. Elks. Friday they will travel to Edson and will be a home against Edson on Saturday night. Sunday will see the Generals playing their fourth game in as many days when Hinton will be here for the first time this year.

Comets blast Westlock - remain in top spot

An excellent three goal performance by defenseman Bob Beaulieu paced the Comets to an easy 11-7 win over last place Westlock Eagles Saturday night in St. Albert.

The win gives the Comets a share of first place in the nine-team Alberta Major Intermediate Hockey League with the Sherwood Park Barons who have played three more games. Both teams have 10 wins although the Barons have lost five and

the Comets only two.

Edmonton Bruins hold down third spot with 16 points, two ahead of the Enoch Tomahawks, Camrose Maroons, Stony Plain Eagles and Wetaskiwin Colonels all have 12 points. Fort Saskatchewan Huskies are in second last spot with six points and Westlock trails the pack with only four points.

Latest league standings which are the most up to date and best available show

Perry Pearn in sixth place in the individual scoring with 11 goals and 10 assists for 21 points, 12 behind the league leader Darryl Myers from Sherwood Park Barons. Comet defenseman Rich Perrault holds down eighth place with six goals and 12 assists.

The goaltending duo of Mike Stewart and Carey Winquist are also the best in the league with Stewart allowing only 12 goals in 210 minutes played for a 1.43 average and the rookie Winquist allowing only 13 goals in 270 minutes and a fine 2.88 average.

Both players owe a lot of their success to the excellent defense of the Comets and the strong back-checking of the entire team.

In the 11-7 win over the Eagles Saturday night in St. Albert, Westlock scored on the first shot on the St. Albert goalie Mike Stewart with only 1.10 gone in the

first period.

Comets then took over and completely controlled the play for the remainder of the period and banged in six straight goals before the Eagles scored in the final minute of play. John Phelan, Danny Towpich, Andy Tymko, Rich Perrault, Dave Vinge and Bob Beaulieu scored for the Comets while the Eagles received goals from Maurice Dousseault and Ron Kelly.

Eagles replaced Randy Letourneau in goal with Blaine Cooper but it didn't make much difference as the Comets scored on their first shot on him.

The second period was much more even as the Comets only managed to outscore the Eagles two goals to one. Perry Pearn and Beaulieu scored for St. Albert while Kelly scored his second for the Eagles.

The third period saw the

Comets fool around too much in their own end zone with a five goal lead and it showed on the scoreboard as the Eagles outscored them four goals to three. Comets always had a three or four goal lead and played as though they could score at anytime they wanted to. Comets received goals from Barry Medori, Towpich and Beaulieu.

Eagles scoring came from Dousseault, Rick Thorne and a pair from Marcel St. Arnaud.

St. Albert out-shot the Eagles 38 to 25 and took six of 14 minor penalties called.

Following the game Comet coach Kerry Ketter was not too happy with his team with the lack of moving the puck out of their own end which led to at least six of the seven goals scored against them. There is no way they will be

able to play that style of hockey against the better teams and hope to win.

COMETS LOOK GOOD FOR FIRST PLACE FINISH

After watching all teams in the league at least once, the Comets are without a doubt the best team in the league and with their overall experience and the best defense in the league, they should finish in first place without too much trouble. The respect all the players have of Coach Ketter is also a big factor in their success to date. Comets next home game will be this Sunday evening when the Wetaskiwin Colonels come to town for an 8 p.m. game. Wednesday, December 15 will see the Comets in Enoch and the following night they will be in Stony Plain.

Rough play damaging Commercial League

O'Leary Spartans with five straight wins are the only undefeated team in the six-team St. Albert Men's Commercial League.

The New Yorkers are tied for first place with 10 points but have played three more games. The Clippers hold down third spot with seven points while Esso, Alta. Oxygen and BACM follow in that order.

From the amount of penalties on the game sheets received to date it appears that the league is getting out of hand, and a number of the infractions call for automatic suspensions. No individual player stats can be made up as the goal scorers and assists are extremely hard to make out in a lot of

the games.

Home teams are reminded that they are responsible to have someone in the time-keeper's box who knows how to fill out a game sheet properly so that statistics can be recorded.

The game sheet of November 11th is missing and if this game was played a copy should be left in the game sheet box.

STANDINGS TO DATE ARE

	W	L	T	P
O'Leary	5	0	0	0
New Yorkers	4	2	2	0
Clippers	3	2	1	7
Esso	2	3	1	5
Alta. Oxygen	2	3	0	4
BACM	1	7	0	2

Oilers meet Czechs

and Russians in exhibition play

The Edmonton Oilers fans will get a chance to watch two of the best hockey teams in the world with the announcement that the Oilers will play the Czechs, Monday, December 13th and on Wednesday, January 5th it will be the Russians coming to town.

Both teams will have a number of Canada Cup performers in their lineup with the Russians expected to dress 17, including goalie Vladislav Tretiak, defenseman, Valerie Vasiliev, Genady Tsygankov, Vladimir Lutchenko, Sergei Babinov and Yuri Lipkin. Russian forwards include Valer Khramlov (missed Canada Cup with two broken ankles) Alex Yakushev, Boris Mikhailov, Sergi Kapustin, Alex Malitshev and Vladimir Petrov.

The strong Czech team will have the great Vladimir Dzurilla in goal with Frantisek Pospisil, Frantisek Cerniak on defense and forwards Peter Stasny, Eduard Novak, Marian Stasny, Milan Novy, Jaroslav Pouzar.

Both games should give the Oiler fans some exciting

hockey and fans are reminded to pick up their tickets early as they are rapidly moving and the two games should be sell-outs.

Chabot blanks Drayton Valley 7-0 for 11 straight wins

By Art Holliday
K of C Sabres Bantam BB Provincial team from St. Albert continued their winning ways on Sunday night as they shut out the visiting Drayton Valley Norella Oilers by a 7 to 0 count. Sabres have now gone 11 straight without a loss.

Saturday night in Leduc the team won a penalty-filled game by a 6-3 margin, at which game they completed playing every team in the Central Alberta Bantam League without a loss. Win number 9 came versus the Sherwood Park Barons earlier in the week, when the Sabres were on top of a 7-4 score.

Goalkeeper Ben Chabot recorded his second shut out of the season when he stopped 21 drives against Drayton Valley. Sabres directed a total of 58 shots at Drayton Valley reminding Berezniuk and Kuhn.

They had previously defeated Drayton Valley 12 to 3, but this time out the Oilers were a much improved club. The game highlighted some good clean hockey, with good passing and tight checking

by both clubs.

It took the Sabres 15 minutes before Ross McRae slammed in a goal on relays from Ken Myck and Claude Joly. Just 10 seconds later Ken Myck scored from McRae and Dennis Sabourin to give the Sabres a 2 to 0 lead after 20 minutes.

Sabres got two more in the second period when they outshot the Oilers 19 to 3. Kurt Bokenfohr got the third Sabres goal when he finished off passes from Keith Heyburn and Dennis Sabourin. Andre Lavelle made it 4 to 0 when he beat the Oiler netminder on a pass from Kurt Bokenfohr.

In the third period Bokenfohr got his second of the night at the 11 minute mark to make it 5 to 0 assisting on the play was Andre Lavelle and Dennis Sabourin.

Captain Troy Murray made it 6 to 0 when he combined with Sonny Gramlich at the 17 minute mark. Twenty seconds later Shane Antoniuk found himself parked in front of the net with the puck and promptly fired it home for the seventh and final goal of the evening.

Forward Gary Kunz was given a one game suspension by Commissioner Al McGill following his actions in Leduc the previous night. Sabres also lost the services of defenceman Claude Joly midway through the first period when he took a hard shot on the ankle. The defensive core of Brad Scott, Dennis Sabourin, Cameron Swist and Scott Holliday guarded a lot of ice time and all played a solid game in front of goalie Chabot.

Sabres now have an upcoming game in Ardrossan on Monday, Dec. 6 and will then be idle until the 16th when they take on a tough Sherwood Park team.

LEDCU BLADES DOWNED BY 6-3 MARGIN - SABRES TAKE HEAVY PENALTIES

Sabres were never behind on the scoreboard, however the Blades took the play away from them on several occasions, with hard hitting. Leduc outshot them in the internal period 10 to 8, however from then on the Sabres completely dominated the shots on goal and

ended up outshooting the Blades by a 37 to 21 count.

Sabres took it on the chin in the penalty department as they collected 43 minutes, while the Blades had 23 minutes. Defenceman Scott Holliday had lots of time to cool off as he sat out 18 minutes during the game. Late in the third period Gary Kunz was ejected with a game misconduct, a high-sticking (five min.) and an automatic two minutes. Kunz's incident will be reviewed by the league commissioner.

Winger Keith Heyburn opened the scoring on a power play, assisted by Brad Scott and Kurt Bokenfohr at the four minute mark. Two minutes later the Sabres scored their second goal on a power play with Gary Kunz picking the corner on an unassisted effort.

Leduc did not get on the scoreboard in the first period and the Sabres left the ice after one leading 2 to 0.

Leduc got on the scoreboard on a deflection from a Sabre player that caught goaler Pennington out of position covering the initial shot. He had no chance on the play. The goal seemed to inspire the Leduc squad as

they came right back and tied the game on a goal by R. Rivard two minutes later. The equalizer came while Leduc was playing a man short.

Ken Myck grabbed a pass from Ross McRae to put the Sabres ahead 3 to 2. Myck fired a perfect shot just inside the post to beat goalie M. Fix on the stick side. Thirty seconds later Keith Heyburn set his second of the night when Kurt Bokenfohr set him up. With two minutes remaining in the period Brad Scott made it 5 to 2 when Sonny Gramlich fed him a pass at centre ice. Sabres led after 40 minutes by a three goal margin.

In the final period both teams scored once, Leduc made it 5 to 3 at the 10 minute mark when D. Ripper scored for Leduc.

Kurt Bokenfohr got it back as he scored on passes from Sonny Gramlich and Claude Joly at the 11 minute mark to round out the Sabres scoring.

MURRAY & GRAMLICH LEAD SABRE SCORING

Troy Murray and Sonny Gramlich lead the Sabres point parade following 11 regular game goals. The

starry forwards have a total of 21 points each to lead all Sabre players.

Listed below are individual players point totals, along with penalty minutes.

	G	A	P	Pm
T. Murray	12	9	21	23
S. Gramlich	6	15	21	6
K. Bokenfohr	12	5	17	22
K. Heyburn	8	7	15	4
G. Kunz	8	7	15	25
B. Scott	6	8	14	32
R. McRae	6	7	13	14
K. Myck	6	6	12	6
A. Lavelle	4	7	11	7
S. Antoniuk	5	5	10	14
D. Sabourin	2	6	8	20
S. Holliday	2	3	5	22
C. Joly	1	4	5	10
C. Swist	0	5	5	4

Goalender Ben Chabot has a goals against average of 1.66 and Kevin Pennington has a 2.8 which is very respectable in any league.

The Sabre sharpshooters have scored a total of 82 goals, while allowing only 24 against them. In 11 games the Sabres have an amazing total of 455 shots on opposition nets with only 268 shots against them. This is an average of 41.36 shots for and an against average of 24.36 per game.

Brad Scott, Sabre defenceman leads the penalty parade, sitting out 32 minutes so far this season.

Sabres top Sherwood Park Bantams 7-4

By Art Holliday
Paced by two goal performances from Troy Murray and Keith Heyburn with singles going to Gary Kunz, Shane Antoniuk and Kurt Bokenfohr the K of C Sabres handed the Barons a defeat last week.

Sabres were very sharp against the Sherwood Park Bantams with the exception of about 10 minutes in the third period, when they stopped checking and skating.

Troy Murray opened the Sabre scoring at the nine second mark of the opening period when he grabbed a pass from Brad Scott. Three minutes later Gary Kunz made it 2 to 0 when he found the corner following passes from Brad Scott and Troy Murray. Troy got his second goal assisted by Gary Kunz at the six minute mark of the opener and the Sabres were ahead 3 to 0.

Sabre penalty killing was excellent as they shut out the Sherwood Park crew on three different occasions before the period ended. Sabres took a 3 to 0 lead into the dressing room after one. Kevin Pennington was between the pipes for the Sabres and stopped 13 shots in the first period.

Keith Heyburn put the Sabres ahead 4 to 0 at the eight minute mark of the second with a good wrist shot following a pass from Shane Antoniuk.

Sherwood Park forward B. MacDonald was carried off the ice on a stretcher when checked hard by Sonny Gramlich. There was no penalty on the play as it was a good clean check. MacDonald apparently has some pulled ligaments in his leg and will be out of action two weeks. The second period ended with the Sabres leading 5 to 0. Please Turn to Page 25

Canadians have three point weekend - penalties costly

The St. Albert Peewee B1B Nu-West Canadians and Sherwood Park Load Stars played to their second tie in as many meetings this season as a large hometown crowd at the Park Arena witnessed a 6-6 hard fought, lively contest. The first game between these two combatants back on November 6th in St. Albert wound up in a 3-3 draw.

Nu-West appeared up for this game as they came out strong and went into the dressing room after 20 minutes of play with a 3-1 lead on goals by Mitch Poulin, Dean Clark and Aaron Banks. Rick Stars tallied for the Load Stars.

Poulin and Clark each scored their second goal of the game in the second frame, however, Sherwood Park narrowed the Canadian's lead to one goal before the period ended as McLean, Kenny and Dave McReynolds retaliated for the Load Stars.

Colorful Dave Ulrich tied the game at 5-5 early in the third and with 13:12 remaining, Dave McReynolds hammered in his second goal to give Load Stars the lead for the first time in the game. Nu-West fought back as

Aaron Banks engineered a picture goal with a delayed backhand shot at 12:34 to tie the match at six apiece.

Penalties did not help Nu-West's cause in this contest as they were called for 11 of the 13 infractions. Sherwood Park outshot the Canadians 30-20.

Mitch Poulin had two assists to go along with his two goals while other Nu-West assists went to John Holden, Danny Laplante, Mark Slessor and Geordy Filipchuk.

Albert Huot went all the way in goal for Nu-West and although allowing six shots to get past him he came up with many fine saves.

NU-WEST 5 - DAIRY QUEEN 3

Not quite as high as the previous day when they battled to a 6-6 draw with the league leading Load Stars, Canadians played as hard as they had in Sherwood Park Sunday evening, to topple the Dairy Queen squad by a score of 5-3. These two teams had met earlier in the season and Nu-West defeated their

rivals at that time 5-2 in St. Albert.

Billy Havens turned back 21 shots for Nu-West as his team-mates tested the opposing netminder on 26 occasions.

Dean Clark was the story in the first period as he scored all three goals for the Canadians. Helping him out on two instances was Danny Laplante while Mark Slessor was in on the other tally.

The first goal for Dairy Queen was scored by Billy Warwick at 1:08 of the second period but Mitch Poulin got that one back unassisted at the 9:30 mark. The fifth and final goal for Nu-West was registered by Geordy Filipchuk as he stepped around a Park defender and threaded the needle on a hard high shot to the top left hand corner of the net. Craig Rusnak and Aaron Sage drew assists.

St. Albert drew 10 of the 16 penalties called throughout the game.

Nu-West's next home game will be played in the St. Albert Arena against Leduc on December 11 commencing at 12 a.m.

Leaning on those brooms can make all the difference sometimes - nothing is left to chance when the curlers are going after \$3,000 to St. Albert Men's Club Cash Spiel.

Sabres

Cont'd From Page 24
ing 4 to 0.

As the third period started defenceman Brad Scott, working along the boards, sent referee Walter Popik over the boards to the delight of the fans. No penalty was called for that infraction however Popik sent Scott off 30 seconds later for hooking.

Following this the Sabres seem to go into a defensive lapse and the Sherwood Park squad scored twice within two minutes to make the score 4 to 2. Keith Heyburn got the Sabres ahead by three again when he scored on passes from Troy Murray and Brad Scott. Sherwood Park came right back and made it 5 to 3 on a power play goal at the 10 minute mark. Two minutes later Sherwood Park scored again to make it 5 to 4 and the Sabres all of a sudden were in a tight game.

With only a few minutes left Sherwood Park got two penalties and Shane Antonuk scored on the power play from Keith Heyburn to give the Sabres a two goal cushion. Gary Kunz put the game on ice as he rounded out the scoring, with Claude Joly assisting on the play.

Sabres outshot the Sherwood Park team by a slim margin 41 to 36 with Kevin Pennington playing steady goal for the Sabres. Pennington was slightly injured on two separate occasions but stayed in to finish the game.

Sabres took 20 minutes in penalties, with Sherwood Park playing short handed for 14 minutes.

Midgets to hold flea market

The St. Albert Sportshop Barons Midget 'A' hockey club will be holding a Flea Market and Christmas Tree Sale on Sunday, December 12th at the Mission Clubhouse. Twenty-five cents admission will be charged, and proceeds from the market will be used to help offset the costs incurred by the Midgets when they travel to Lethbridge for the Wrigley Midget Hockey tournament.

The tournament has been scheduled to take place on the 27th to the 30th of this month. The 10 best teams in Alberta will be competing, they are: Camrose, Red

Deer, Medicine Hat, Grande Prairie, Fort Saskatchewan, Lethbridge, Edmonton, Calgary, and of course the Barons from St. Albert. Zone 6, which is in the general area of Strathmore (get your maps out) has not decided on their representative. The winner of the tournament will represent Alberta in the National Wrigley Tournament, which will be held in Moncton, New Brunswick sometime in January, with teams from each province and territory competing.

It takes quite a bit of money to finance the costs of a team travelling and playing

in another town, especially as far away as Lethbridge, so give these boys a better chance, and help them out by attending their Flea Market this Sunday.

Around Town

The many friends of Roberta Bilodeau are wishing her a good and speedy recovery from recent eye surgery done at the Charles Camell Hospital. Roberta is a long-time member of the town staff.

POWER SKATING REGISTRATION

The Business Scene

NEOSTALGIA FADS CAN MAKE BIG MONEY

Shirley Temple dolls, wind-up toys from the twenties, Mickey Mouse watches with the original boxes from 1932, Buck Rogers super-sonic ray guns, vintage 1932-33 - these toys which

used to be junk are now going for the big money in the "nostalgia" boom. A Louis Armstrong doll, made in the 1950's to sell under \$2, now goes for about \$50. Some Shirley Temple dolls are priced at \$150. A tin "Lil Abner" wind-up toy, originally priced at \$2.98 when it was made in 1946 now goes

for \$250 in the original box at Chick Darrow's Fun Antiques shop in New York City. And a Bradley wooden train engine dating from the 1870s will bring about \$85.00. Children's lunch pails originally priced at \$2 which

have pictures of a Tom Corbett space cadet, or Beverly Hillsbillies, Popeye or Davy Crockett range in price now from \$15 to \$35. This line has just recently enjoyed a big price increase. Trying to guess the next

big craze is trickier business for antique shops, but Duncan and Heisey glass is in vogue right now and plastic lewpele dolls like those given away at carnivals are stirring signs of interest. Burlesque-house posters,

currently bringing \$75 to \$100 could also rise as could early paperback books. It seems the nostalgia-collectibles market depends on rumour at times, but dealers who guess right can make a tidy profit.

Civil liberties threatened

Are Canadians' civil liberties sufficiently threatened that we need to make radical protests? No, contends Alan Borovoy, chief executive officer of the Canadian Civil Liberties Association. Borovoy is well known for his eloquent well-documented briefs to government on civil liberties issues. And, say his supporters, the CCLA is

heard despite its moderate stance. But when Borovoy has turned to more radical tactics, there have been visible results. He met with Indians in Kenora and helped organize demonstrations; the demands of the Indians were recognized. A mass rally to protest the raid of a Fort Erie motel by police, who stripped and

sought most of the patrons present, resulted in the solicitor general's setting up a commission to investigate the raid. Another mass effort involved parents in the Toronto borough of North York who opposed the religious instruction for their children were receiving in school. Borovoy suggested they all fill out exemption

forms and mail them on the same day. Next day, principals arrived to find hundreds of exemption forms in the morning mail. Religious instruction was dropped permanently. But some critics feel Canadians' civil liberties are sufficiently threatened that more use of such tactics is needed.

Edouard Meuniers celebrate Golden Wedding

This happy occasion was celebrated in Morinville, November 14, 1976 beginning with a mass celebrated by Rev. G. H. Primeau at 1:30 p.m. where Mr. and Mrs. Edouard Meunier renewed their marriage vows and exchanged rings.

Organist was Sr. Tarcienne Boissonnault, F.J., sister of Mrs. Meunier who accompanied soloists Tarcienne Meunier F.J., Andre Meunier and Rachel Bulger. The service was followed by a reception at the Recreation Centre where over 500 people gathered to extend the jubilarians good wishes.

For the occasion Mrs. Meunier wore a floor length navy blue gown and cape

complimented with gold accessories and an orchid corsage. The couple was attended by a sister of Mrs. Meunier, Mrs. Donat Labonte (Edutienne) and her husband, along with Mr. Meunier's sister, Mrs. Dick Grant (Emma) and her husband.

Mr. Noel Meunier, master of ceremonies for the afternoon conducted a short entertaining program. Guest speakers included Rev. G. H. Primeau and Mayor Art Stapleton who presented the couple with a plaque from the town council and staff, with special mention given to Mr. Meunier for the long years of dedicated service given to the town. Other speakers were Mrs. Solange

Bachand, president of Les Femmes Chretiennes, Mr. Art Soetart representing the oldtimers, Mr. Lawrence Byer spoke on behalf of the inlaws.

Edmond Meunier introduced each member of the family along with their respective families. Mrs. Constance Brenneis and Mrs. Elizabeth Soetart read congratulatory messages received from Pope Paul, Prime Minister Trudeau, Governor General Jules Lege, Joe Clark, Leader of the Opposition, Peter Elzinga M.P., Lieut. Gov. Ralph Steinhauer, Premier Lough-

eed, Ernie Jamison M.L.A. A telegram was also received from Les Filles de Jesus St. Kitts, West Indies.

Mr. Andre Meunier on behalf of the immediate family presented his parents with a set of gold reclining chairs and the grandchildren presented a large portrait of themselves.

Bernard Meunier on behalf of his parents thanked all those present. This was followed by coffee and lunch and the remaining afternoon was spent reminiscing old-times with background music supplied by Remi Soetart.

Mr. and Mrs. Edouard Meunier join hands to cut their 50th wedding anniversary cake.

Wonders of history in old Gibbons church

By Jim McIntyre
You would scarcely expect to find them there.

But present in the Gibbons Emmanuel Anglican Church are some tangible links with a great past - a piece of

masonry from England's 11th Century Canterbury Cathedral, scene of the murder of Thomas Becket, and two pieces of the carpet on which Queen Elizabeth II walked to her Coronation in

June 1953.

The church, built by a shipbuilder named Cummings, is still the pride and joy of Gibbons residents 77 year old Wilf Oliver and his wife Emily, 70, who both look after and attend the church regularly.

Mr. Oliver still gets round to take the collections Sunday mornings, and Mrs. Oliver can still rap out a pretty hymn tune or two on the organ.

The church recently had its 70th anniversary, last November 14, attended by a disappointing 50 or so people.

The church "is nice to just go into and sit for a few minutes," smiles Mrs. Oliver, thumbing through the church's book of Remembrance, the stipend ledger, and the history of the church written by her own father Charles Brumfit.

Mr. Brumfit came out to what was still the Northwest Territories in 1891. He came from England, advised that a change of climate might clear up recurrent headaches, and settled for a while near Calgary to work as a rancher. He then came up to what is now Gibbons, liked what he saw and started work on a farm.

The grand old man seems to have taken to Canada like a duck takes to water.

His headaches must have Please Turn to Page 28

DISTRICT LIONS Governor Ernie Canning presents the Charter for the newly formed Legal Lions Club to its new President Bernard Fizer at a packed Legal Community Hall last Friday night.

Legal Lions chartered with 42 members - evening attracts record crowd

A spirit of brotherhood, excitement and enthusiasm pervaded the large crowd of Lions which gathered Friday evening in the Legal Community Hall for the Legal Lions Charter Night, when 42 members became charter members of the Legal Club.

Charter Night chairman, Laurier Brisson, called the dinner meeting to order,

followed by O'Canada and an invocation by Father Bissette of St. Emile's Church in Legal. H. Romanchuk acted as toastmaster, calling on Tom Flynn of the sponsoring club, the St. Albert Breakfast Lions, and Real Durocher, Tail Twisters, to get things going. They asked Lions Frank Brenneis of Morinville, Ernie Jamison of St. Albert, Walter Van de Walle and Robert Parent of Legal for assistance. They turned the screws on a number of Lions, wives and guests for various misdemeanors and collected a kitty of fines for the new Legal club.

An excellent turnout of 16 supporting Lions clubs were represented and introduced, including Josephburg, Sherwood Park, Yellowknife, Southgate, Clyde, Jasper Place, Athabasca, Spruce Grove, Bon Accord, Westlock, Morinville and Riverbend and St. Albert clubs. The gathering was also honoured with the presence of District Governor Ernie Canning, Yellowknife, Past

District Governors Andy Fraser, Sherwood Park, Art Stapleton, Morinville, Rudy Rippel, Josephburg, Angus Murray, Southgate, Edmonton; Frank Wilson, Southside Lions and Lyn Hall, Jasper Place Lions; Charter President of the Legal Club, Bernice Fizer welcomed everyone and Mayor Art Morin extended his greetings and a warm welcome on behalf of the Village, noting that the population of Legal has nearly doubled over the past four years. He thanked the St. Albert Breakfast Club and visiting Lions for their support.

The toast to the ladies by Lacombe Lion Wayne Neigel was replied to by Dorine Durscher, who reminded the audience of Mrs. Lester B. Pearson's comment: "Behind every successful man there is a surprised woman."

AN IMPRESSIVE CEREMONY

At the conclusion of the dinner Dr. William Cuts Please Turn to Page 37

Appaloosas sold at

Bon Accord arrive in Italy

Spruce Ridge Appaloosas, home of Champions at Bon Accord, Alberta, is pleased to announce the sale of Wampum's Snowpoke, the four year old stallion who recently received his out-

standing Member of the Breed and National Superior Performance Awards and who is currently a reigning Grand Champion performance horse in Alberta; Please Turn to Page 20

wampum's Snowpoke, four year old Appaloosa was one of three of his breed to be sold by Spruce Ridge Appaloosas in Bon Accord for shipment to Milan, where they will be the first Appaloosas in Italy.

Morinville hosts volleyball playoffs

On Friday, December 3 and 4 the students and staff of G. P. Vanier, Morinville, under co-ordinator Bob Holzer and Gary Smith hosted the Provincial "AA" volleyball finals. A total of 20 teams, 10 girls and 10 boys, competed in the G. P. Vanier gym and in the Paul Kane

High School in St. Albert. Thanks go to the physical education staff of Paul Kane, Mr. Fred Resler and Mr. Roger Nicholson for their assistance.

The girls teams included St. Mary's Westlock, Fort MacLeod, Okotoks, Glendon, Onoway, Pigeon Lake, Oyen,

Morinville, Sylvan Lake, and Falher.

The boys teams included Devon, St. Mary's Taber, Strathmore, Ashmont, Vanier Morinville, New Sarepta, Bow Island, Onoway, Sylvan Lake and Spirit River.

Two sections of five played for a spot in the semi finals.

Vanier boys narrowly missed the semi by dropping both games to Strathmore (three times provincial champions). The results of the two games broke the tie between the two teams for second place in their division. Strathmore went on to defeat Onoway in the semi finals and then Taber in the finals to become the "AA" Provincial champions.

The Vanier girls tied with Falher for first in their section. Vanier defeated Oyen two straight then split their roundrobin encounter with Falher Friday evening. Saturday morning Vanier girls defeated Pigeon Lake and a little later assured themselves of a playoff position by taking the first game against Sylvan Lake.

The Morinville girls played very well indeed taking the best of three semi finals against St. Mary's Westlock two games straight.

For the first time in Vanier's history the girls volleyball team was in the provincial finals. Falher came on strong thanks to flawless serving and won the Provincial title for the first time under coach Ron Meunier. Vanier girls thus placed second in the province under coach Robert Holzer. Quite a feat. Congratulations Vanier.

The businessmen of Morinville got behind the sports event in their town and hosted a breakfast, much appreciated by all the players.

Morinville's G.P. Vanier school was the proud host for the A.S.A.'s Volleyball Championship tournament held last Friday and Saturday. Vanier's girls team, the Coyotes, were in second place on Saturday after winning this game against Sylvan Lake. Vanier girls went on to the semi-finals (a first in Vanier's history) and took second place in the province under the excellent coaching of Robert Holzer.

Horse Hill school to get new addition

An expected influx of students from mobile home development in Evergreen Park has caused the department of education to recognize the need for an addition to the Horse Hill school. Three hundred mobile homes are expected to go into the area between now and the end of June. The Horse Hill school is within the jurisdiction of Sturgeon School Division #24.

The addition, to be designed by the firm of McIntosh, Workun and Chermak, will give several additional features to the present structure including two general classrooms, a science experience classroom, a gym with storage area, administration space, staff areas and an infirmary. For and

heated portable classrooms without gas or water connections are also planned.

Now that the recognition of need has been granted by the School Buildings Board, the architectural firm will draw up cost estimates and design sketches. The school board will then pass a bylaw permitting the board to borrow money in December or January to undertake construction. Completion is hoped for the beginning of next fall's school year and in the meantime temporary portables will be installed in the next few weeks to accommodate the students already moving into the area.

The school population should increase from 500 to 700, and ranges from kindergarten to grade nine.

Vimy News

By Len Limoges
Mr. and Mrs. Clement Provencal and family were pleased to have as guests Mr. and Mrs. Pierre Viel and daughter from Malliag, he is Father Viel's brother.

We see Clem Provencal driving around a brand new two door hardtop L.T.D. Landeau. Congratulations.

Alfreda and Delia Fortier have just returned from a 10 day bus tour to Reno and Las Vegas. They enjoyed their trip and had a good time.

Mr. and Mrs. Tom Proulx from Revelstoke, B.C., visited Mr. and Mrs. Leon Huot. Tom is Lea's brother and she reports that he is doing very well.

Congratulations to Lorraine and Norm Huot on the birth of a daughter, Annette Helene on November 19th. A playmate for Marcel.

church

Cont'd From Page 27

cleared for he died at the ripe old age of 102 years last January.

It was Mr. Brumfit who had much to do with starting the old wooden Gibbons church and it was he who brought back the Canterbury Cathedral (Canterbury means "Stronghold of the Men of Kent") stone way back in 1949.

The church is not on the original site and was first constructed in the Battenburg District, by the bridge of the same name, one mile north and one mile east of Gibbons. The Athabasca Landing Trail went through this point.

And Mr. Brumfit will not be forgotten to posterity; Gibbons is expanding to the

south and a section of the new subdivision will be known as the Brumfit subdivision and an avenue will also be named after him.

SOD TURNED IN 1906

The sod-turning at the original church site was done in 1906, but the Emmanuel Church did not make the move to the present site till 1936.

The church was completed March 10, 1907 and the first services were held in it that same year.

It was quite an effort to build the wooden church; the material had to be hauled across the mudholes by men like Joseph Oliver and William Gibbons, after whom the village was named.

It was not till 1896 that a man came to serve the church on a regular basis and his name was Geoffrey d'Easum. The man reputed to be the first minister of the church was known as Colonel Newton.

The actual formation of the parish did not take place till September 3, 1901 and that was done by the then Bishop of Calgary, the Right Reverend Cyprian Pinkham.

Mrs. Oliver says that attendance at the church is not good, but that reflects a general trend these days. She says the average att-

endance is about nine people Sundays, when in the past as many as 60 families used to attend.

"As soon as they had to christen the baby they would come galloping over," Mrs. Oliver commented wryly.

She added that she was one of the first to be christened herself at the Gibbons church; but ironically, the records showing that baptism are missing from the ledger and they only start at 1912.

She said the first christening was in 1901 and the first marriage took place between 1907 and 1910, she estimates. The person who got married was apply a Frenchman, from Paris, who was said to be highly educated, and a good writer.

Others keeping the main connections with the past at the Gibbons church today are Minister Tom McKnight, who serves the parish from St. Michael's, Edmonton, while the church is in the diocese of Bishop John Langston.

Rev. McKnight is an expoliceman.

Many of the oldtimers who spent their years in Gibbons find a resting place in the church cemetery.

And recently, Reverend Canon Jack Gibbons, the great grandson of William Gibbons, who gave his name

to the present village, was buried in the church yard. He was buried after succumbing to cancer age 50 this year, but not before a visit to the Holy Land.

Appaloosas

Cont'd From Page 27

Spruce Dolly Meyers, two year old filly and Go Katie Meyers, yearling filly, to Milan, Italy.

The horses departed by Western Turf Van late Thursday, December 2, arriving in Seattle, Washington, where they immediately boarded a "Flying Tiger" jet to fly to New York and then on to Milan with one refueling stop at Copenhagen, Denmark. Mrs. Bev Hood of Gibbons, Alberta, who accompanied the horses, informed the Bunnells by telephone that they had arrived safe and sound early Sunday morning, December 5th, Edmonton time. She will be staying in Italy until the horses and their new owners have become acquainted.

Ev and Norma Bunnell, owners of Spruce Ridge Ranch, advise that these are the first of the Appaloosa breed to be introduced into Italy and feel very privileged to share in the establishing of this North American breed of the New World in the Old World, something of a reversal of form from our history books.

Gibbons News

By Karen Hogg

The Village of Gibbons is pleased to announce that they are participating in the Alberta Transportation

"Buckle-Up" campaign. Very soon signs will be appearing in the community relating to the campaign.

The Gibbons Sunday School

will be holding their annual Christmas carol service on Sunday, December 19th at 10 p.m. This is a non denominational service and

everyone is invited to attend to get into the spirit of Christmas.

Billy Dancing is coming to Gibbons! This course will

start the first part of January. More information will be in the next issue.

The playschool mothers will be holding a bake sale and bazaar of Christmas items on December 11 from 1:30 to 4 in the Hall. Everyone is welcome to attend and pick up some nice stocking stuffers and gifts.

Don't forget to drop down to the mezzanine of the arena on Saturday, December 11th from 2 to 5 p.m. for the white elephant sale. We have a huge variety of clothes, toys, household items and even a TV.

The Gibbons Juveniles are on a big winning streak. On Saturday night they played in Redwater winning 8-4 against the Redwater team.

Gibbons scores were by

Rob Paradis - one goal four assists; Kelly Mabbutt, one goal three assists; George Gaumont - one goal one assist; Bob Ingle - one goal; Ward Mabbutt - one goal; Doug Pelletier - one goal; Rick Turner - one goal.

Janie's Ceramics will be taking registration for the following year with classes the first part of January. This is on a first come first serve basis as Janie will be taking only 50 persons. So hurry up and phone 923-2478 to register for next years class.

Volleyball finals for the girls and boys divisions will be played December 11th at Gibbons. Teams entered are from Camilla, Sturgeon Heights, Morinville, Bon Accord, Horse Hill, Namao and Gibbons.

Gibbons 4H Report

By Suzie Theroux

The Gibbons 4H Sew and Sew's held a meeting Thursday, November 4, at Valerie Montpeller's home. The meeting started at approx-

imately 7:30 p.m. Collette Lamoureux called the meeting to order. Valerie Montpeller led the 4H pledge. The roll call was done by the secretary. Secretary and

treasurer's reports were read and the old, unfinished business was discussed by everyone. It was found out that the first Thursday of every month was not con-

venient. It was changed to the second Thursday of every month. An agenda that was previously drawn up was handed out to everyone.

The meeting was adjourned and lunch was served. The older girls were now to give the Unit One's initiation. They were blindfolded and walked through an obstacle course which included jumping off a chair with an egg in their mouth. The sweet little angels they seem to be.

Leann, Valerie Montpeller, Gail Petherbridge, Amanda Prins;

Michelle Pyle, Karen Reddekopp, JoAnn Revo, Karen Shaw, Laura Visscher, Cathy Wood, Bonnie Zuk, Tracy Zuk.

Gibbons has new crop of babysitters

Twenty-six young people from the Village of Gibbons graduating from the Gibbons Alberta Safety Council Babysitters' Safety Course, sponsored by the Sturgeon Regional Recreation Council: Annette Bibaud, Marge

Doerksen, Marilyn Doerksen, Sandra Herbold, Silvia Herbold, Gail Hofs, Irene Hofs, Heather Hood, Ronda Hood; Bunny Janssen, Marion Keryulik, Claire Lamoureux, Lindsay Mabbutt, Debbie Martens, Colleen Mc-

Leann, Valerie Montpeller, Gail Petherbridge, Amanda Prins;

Michelle Pyle, Karen Reddekopp, JoAnn Revo, Karen Shaw, Laura Visscher, Cathy Wood, Bonnie Zuk, Tracy Zuk.

Study tour of grain institutions

Unifarm members are being given an opportunity to accompany the Agrileader group when they travel to Winnipeg on a study tour of grain institutions. Rural Education and Development Association (R.E.D.A.) is arranging the study tour which is scheduled to take place late in February 1977. United Grain Growers Ltd. is assisting with the arrangements in Winnipeg.

While in Winnipeg the group will visit such institutions as the Canadian Wheat Board, the Canadian Grain Commission, the Winnipeg Commodity Exchange, the United Grain Growers, and Co-op Imple-

ments. Agrileader is a scholarship program of leadership development for 15 candidates from the Alberta agricultural community. Over a period of three years, the program will provide participants with significant exposure to areas of knowledge not readily gained in their specialized agricultural occupations - but which are deemed indispensable to agricultural leadership.

Rural Education and Development Association (R.E.D.A.) is conducting the Agrileader program in close co-operation with the sponsoring organizations: Alberta Advanced Education and Manpower, Alberta Agriculture, Alberta Wheat Pool, United Farmers of Alberta

Co-operative, United Grain Growers, Faculty of Extension - University of Alberta, and R.E.D.A. Further information may be obtained from Rural Education and Development Association, 9934 - 106 Street, Edmonton, Alberta T5K 1C4.

Facts you should know about
SHUR-GAIN
Liquid Supplements

Shur-Gain liquid supplements combine protein, energy, trace minerals and vitamins in liquid form to make a nutritional package to balance hay, grain and/or silage. The advantages of Shur-Gain liquid supplement feeding are—
• Saves Labor. Free choice feeding saves time.
• Saves Feed. Cattle require less roughage or silage with Liquid Supplement.
• Improved Nutrition Results in Better Performance—
A. Better calf crop
B. Cows have less trouble calving
C. Better milk production results in faster growing calves, and heavier weaned calves!

• Little or No Waste—Losses from dust and spillage are minimal
• Easier Nutrient Assimilation—All nutrients are dissolved in liquids and are readily available to digestion
• Excellent Phosphorus Source—Phosphoric acid and ammonium phosphates are readily available to the animal.
• Palatable. Shur-Gain Liquid Supplement has a very high moisture content which makes it most palatable to livestock.
• Liquid feeding works well even in cold weather.
• Where you choose Shur-Gain, you get help in setting up equipment, pumps, tanks, and mixers along with convenient delivery.
• Shur-Gain Liquid feeds have been tested and proven effective. Shur-Gain Feed Research Centre.

Morinville Memos

By Marg Dantz

Morinville Lions Figure Skating Club will be holding their second registration for the ARSA program and for power skating on Wednesday, December 15 at 6:30 p.m. till 8 p.m. at the Recreation Centre. Registration will be followed by a general meeting of the Figure Skating Club and all interested parties.

If anyone in town has found a pair of boy's small brown glasses, could they please phone Mrs. Miller at 939-4280.

The elementary school pageant will be held in the afternoon of December 22, at 1 p.m. for parents and students of the Yellow School only.

Morinville Cubs and Scouts are having their peanut

drive on Monday, December 13. This is a good time for all peanut lovers to stock up for the yuletide season. A bottle drive and discarded Christmas tree pickup is planned for early January, 1977. So save the remains of the season and donate them to a worthwhile organization.

On December 19th, the Morinville Legion will be having a sleigh ride, starting about 7 p.m. and meeting at the Legion. Come one, come all, and join in on the carolling.

Sturgeon Foster Parents will be having a Christmas meeting on Friday, December 10th at 6:30 p.m., at the Legion Hall, featuring a "pot luck supper." Everyone is asked to bring enough for their own family. For more information, please phone Mrs. Rockwell at 939-4847.

or Mrs. Granger at 939-4405.

Those wishing to express their best wishes to the community, by putting their name on the Christmas Community Card, please contact Mrs. W. Hollerhus at 939-4230 or Mrs. Biddiscombe at 939-2157.

With the holiday season so close at hand, it is time to start thinking of the New Year, and more important "New Year's Eve." St. Jean Baptiste Parish is having their New Year's Eve frolic on December 31 at the Recreation Centre, for members and invited guests. A supper smorgasbord will be served from 8 - 10 p.m., with dancing to the "Prime's" till 2 a.m. Tickets are \$10 a person and are available from council members, Royal Bank, Drug Store, Paul's Confectionery and the Credit Union. A corsage will be given to the ladies.

The Morinville Legion members and invited guests will also be whooping it up on New Year's Eve at the Legion. A cold buffet lunch will be available throughout the night and music will be provided by "Soundtrack & 2." Tickets are \$15 a couple and are available from Legion members.

Lloyd Kachman and his staff down at the Royal Bank wish to extend an invitation to all to drop in for coffee and doughnuts on December 15 and 16 from 10 a.m. till 3 p.m., and on December 17 from 10 a.m. till 6 p.m.

CHRISTMAS LIGHTS CONTEST

Christmas Lighting contest is once again being held by the Morinville Board of Trade. Two categories (commercial and residential) will be judged by Board of Trade members, on December 19, 20 and 21. Commercial interior and/or exterior decorations will be considered. Last years winners will be excluded this year, so as to give everyone a chance. Many thanks are extended to 1975 winners for their participation in last years contest: St. Jean Baptiste Parish, Morinville Fire Department, Mr. and Mrs. Paul Froment, resident, and Mr. and Mrs. Len Gibeault, resident. The Board of Trade would like to encourage everyone, especially business places, to light up for the Christmas season!

Reader's co-operation in telephoning or bringing in news items is much appreciated and as early in the week as possible. Please phone 939-4145.

On December 11, Vanier Junior High boys and girls will be competing in the Sturgeon Junior High Volleyball finals at Gibbons. Teams competing are - Camilla, Sturgeon Heights, Vanier, Bon Accord, Gibbons, Horse Hill and Namo. Good luck Vanier!

CHRISTMAS PARTIES ENJOYED BY SENIORS

By Dorothy Daignault
The Senior Citizens of the

Rendez-vous Club spent a very pleasant evening at their Christmas party. A large crowd came and 13 tables were filled up for whilst. Everyone enjoyed wine and cheese before playing cards.

We were happy to welcome visitors. As usual Father Primeau makes his visit very brief, but Father Bureau stayed and enjoyed the evening with us. Mr. Yvonne Tellier from Edmonton was with us too.

The prize winners for cards were: Mrs. Louise Billo and Mr. Chevalier. The booby prizes were given to Miss Rebecca Champagne and Mr. Lucien Beupre. Mrs. Caroline Harper won the door prize. The winners for the bingo were: Mrs. Elizabeth Kieser, Mrs. Caroline Harper, Mr. John Killian, Mrs. Maria Rouss-

seau, and Mr. Otto Rohert. Father Bureau had the honor of drawing the tickets for the raffle. Mrs. Katherine Bokenfohr from St. Albert won the quilt donated by Mrs. Henri Ricard. Mrs. Yvonne Tellier won the first hamper and Mrs. Alma Casavant won the second hamper.

Congratulations to all the winners and many thanks to all who helped to make this raffle a success.

A delicious lunch was then served and we wish to thank all those who contributed towards the lunch.

We shall play cards at the Clubhouse on December 8 and 15 and then we shall start again in the New Year.

Our annual meeting will be announced later, in the Gazette.

I wish you all a very Merry Christmas.

Morinville Motors

take four straight wins

By Marg Dantz

Morinville Motors senior hockey team extended their unbeaten streak to four by downing last year's league champs (Villeneuve) 5-1 Friday, December 3 and then completely outclassing Alexander Brues 11-4 the following evening in a game that was to have been played Sunday at Calahoo.

The Motormen have amassed an amazing 33 goals in four games while stingy Bill Tieland and understudy Paul Dupuis possesses an enviable 2.25 goals per game against average.

Jack MacAskill led Morinville to victory Friday with two first period goals while Marcel Tourangeau, Wayne Miller and Dex Dersch added third period insurance markers. Villeneuve managed only the lone second period point which was scored by Neil Ross assisted by Vic Soetaert and Graham McDonald.

Team captain O'Neil Chevalier scored a hat trick, Randy LaBelle picked up a pair, while John Shrum, Jack MacAskill, Dex Dersch, Norm Bohl, Carl Royal and Roger Chalifoux each notched singles enroute to overpowering the Braves Saturday night. Leroy Paul replied for Alexander with a hat trick while team-mate Wayne

Burnstick picked up a single. The game was Morinville all the way as the Seniors posted a commanding 4-0 first period lead; led 6-1 after two and gave up three for five to finish 11-4.

Morinville Motors will face Bon Accord this Friday evening at home game time set for 8:30, seniors will then motor to Onoway for a Sunday (2 p.m.) afternoon game.

"21 nothing" is not a bad score to lose by in football, but alas for the Goodtimers, football season is past and each point was scored separately by the powerful Grove T.V. team, Sunday night right here in Morinville.

MINOR HOCKEY

Shaver B lost their game to St. Albert 4-1, on Saturday, December 4, Murray Bokenfohr scored the Morinville goal.

MITES

Mite B won both their games last weekend against St. Albert Dairy Queen and Gibbons. On Friday the boys beat Gibbons 2-1 on goals by Jay Enright and Patrick Krauskopf. Saturday's la-

MUNICIPAL DISTRICT OF STURGEON NO. 90

PROPOSED AMENDMENT TO GENERAL PLAN

ADOPTING BYLAW #160-72

WHEREAS, the Council of the Municipal District of Sturgeon No. 90, under the authority of the Planning Act, Section 96, Chapter 27 R.S.A. 1970, has prepared a General Plan for this Municipality and same was adopted under Bylaw #160-72.

WHEREAS, the General Plan was based on surveys, studies of land use, population growth, the economics base of the Municipality, its needs for roads, public services, other relevant data, and described the way in which the future development of the area may be carried out in an orderly and economic manner;

WHEREAS, in accordance with Section 134 of the Planning Act, a Council may by bylaw amend or repeal any bylaw adopting a General Plan;

THEREFORE BE IT RESOLVED, that the Council of the Municipal District of Sturgeon No. 90, duly assembled, may in exceptional circumstances, consider and recommend on all applications for "COUNTRY RESIDENTIAL" within the area presently classified as "LOW DENSITY AGRICULTURAL," meeting the following criteria:

- a) the parcel under consideration is physically separated from the balance of the title area; and
- b) the parcel under consideration has a low agricultural capability; and
- c) the parcels proposed do not exceed five in number.

Persons affected by or objecting to the said proposal may submit in writing to the undersigned the reasons for their objections, or views on same, on or prior to January 18th, 1977. Should objections be received, a public hearing will be held at 8:00 p.m. on January 27th, 1977 in the Council Chambers of the Municipal District Office, Morinville, Alberta.

D. GARY BROWNLEE
DEVELOPMENT OFFICER

MUNICIPAL DISTRICT OF STURGEON NO. 90

PROPOSED RECLASSIFICATION

It is the intention of the Council of the Municipal District of Sturgeon No. 90 to reclassify the following land use from "LOW DENSITY AGRICULTURAL" to "COUNTRY RESIDENTIAL Class B":

Part of the North East Quarter of Section 27, Township 57, Range 25, West of the 4th Meridian; containing 19.0 acres more or less.

Persons affected by or objecting to the said proposal may submit in writing to the undersigned the reasons for their objections, or views on same, on or prior to January 18th, 1977. Should objections be received, a public hearing will be held at 7:30 p.m. on January 27th, 1977 in the Council Chambers of the Municipal District Office, Morinville, Alberta.

GOVERNMENT OF ALBERTA
LOCAL AUTHORITIES BOARD

IN THE MATTER OF "The Municipal Government Act":

AND IN THE MATTER OF "The Administrative Procedures Act":

AND IN THE MATTER OF an application by the Town of Morinville, Alberta for annexation of certain territory lying immediately adjacent thereto.

TAKE NOTICE that the Town of Morinville, Alberta has petitioned for annexation to the Town of the following described territory lying immediately adjacent thereto in the Municipal District of Sturgeon No. 90:

The South East Quarter of Section Three (3), Township Fifty-Six (56), Range Twenty-Five (25), West of the Fourth Meridian.

The North West Quarter of Section Three (3), Township Fifty-Six (56), Range Twenty-Five (25), West of the Fourth Meridian excepting thereout Road Plan 3982 E.U.

All that portion of the South West Quarter of Section Three (3), Township Fifty-Six (56), Range Twenty-Five (25) West of the Fourth Meridian not presently within the Town of Morinville.

The Board will hold a public hearing of the matter of the petition in the Council Chambers of the Town of Morinville, Morinville, Alberta, on Wednesday, December Fifteenth (15th), 1976 at 10:00 A.M.

It may be that you are a party whose rights will be varied or affected by the Board exercising its statutory authority in granting or refusing the annexation application and you are hereby notified that if you wish to make any representation in this regard you may file such written submission with the Board, or appear at the aforementioned public hearing.

In the event that no valid written representation is filed or spoken to as noted the Board will proceed to deal with the petition on the basis of evidence presented at the public hearing.

Dated at Edmonton, in the Province of Alberta, this 27th day of October, 1976.

Legal Senior Hockey Report

By Denis Nault
Well fans, what can I say but welcome back to the #1 pastime in Canada... Hockey! The Sturgeon Valley Senior Hockey League has been looking better every year; this one should be no exception. Legal after losing their opening game against Bon Accord 5-4, have two

games to their credit. The first, against Namao on December 3, proved to be a hard hitting, heads-up game with Legal winning 5-2. Darcy Brisson had a pair of goals with Bob Pelletier, Don Mills and Denis Chamberland additions singles. Our new addition to goaltending, Mike Gagne robbed Namao

on a few breakaways with what the rookie attributes to being the "fastest hand in the League."

Sunday, the opening of the arena saw Legal defeat Riviere Qui Barre. Red Pelletier and Don Mills brought in four goals with Pete Van Brabant, Rock Ste.

Croix, and Bob Pelletier adding singles to the 7-4 win.

Next two games are on the road - Friday, December 10th in Gibbons at 8 p.m. and on Sunday at 2 p.m. in Bon Accord.

Let's show these boys what real fans are like: Show up and support your team!

Here's looking at Legal's "Ice Resurfacing Machine". The machine that will be cleaning and flooding the ice. The men working hard to make sure it will be operating this year are from left to right - Laurier Rivard, Claude Maurier and Marcel Coulombe and not seen - Laurent Coulombe.

Elizabeth Mercier passes at 81 years

By Connie Maurier
On November 26th, 1976 Mrs. Elizabeth Mercier of Legal passed away. She leaves to mourn her husband Philippe, three sons, Paul of St. Albert, Robert of Legal

and Norman of Grimshaw, Alberta; three daughters, Anna Brisson, Jeanne Bilodeau and Louise St. Martin all of Legal; one sister, Delia Rick of St. Paul, Minn., U.S.A., and was predeces-

sed by one son Denis in 1966, and one daughter Lea Brisson in 1975.

Elizabeth Mercier was born in Hugo, Minn., U.S.A. on June 7th, 1895. She moved to Legal with her

parents Mr. and Mrs. Louis Nadeau at the age of 12 years old. She later met and married Philippe Mercier on January 21st, 1913. The couple were prominent farm and business people for a number of years in Legal where they raised a family of eight. In 1953 they moved to Edmonton for a short period, to come back to Legal for complete retirement.

Funeral services were held on November 29th at St. Emile Church with Father Bissonnette officiating. Pallbearers were her grandsons, Real and Maurice Brisson, Raymond and Laurier Brisson, Roland Bilodeau and Albert St. Martin.

The Mercier family wish to express their gratitude and thank everyone for all their kindness and expressions of sympathy, mass offerings, Heart donations, the choir, organists, altar boys, Christian Ladies and to those who sent baking and served the lunch at the house. Special thanks to Dr. Underwood and staff at Sturgeon Hospital.

Namao News

By Norma Crozier
C.G.I.T. initiation service will be part of the regular

Sunny-side News

By Lois Bowman
Congratulations this week goes to Mr. and Mrs. Miles Cummings on the arrival of their new son. He weighed in at 6 lbs. 12 ozs. and has two happy brothers who are glad to have him and their mom back home again.

The Sunnyside Ladies Club held their annual Christmas meeting with about 20 of the girls in attendance. This was the night the girls found out who their Secret Sisters had been all year and it was a lot of fun.

They will be having the Christmas party in the hall next Sunday, December 12 at 2 p.m. and don't forget Santa will be there too. There will also be a bit of a concert and the children in the district have been rehearsing for a couple of weeks now. It promises to be a lot of fun for everyone so don't forget to come.

Also the New Year's Eve tickets are on sale now - \$18 per couple which includes supper, refreshments, favors and a lot of fun. The tickets will go fast so get yours early. The tickets are available from either Mrs. Ann Maxfield at 973-3706 or Mrs. SXHirley Brown at 973-5681.

United Church service on December 12th.

Namao United Church's white gift service will also be part of the regular service on December 19th.

Namao Sunday School and Explorers will present their Christmas program in the Church on Thursday, December 23 at 7:30 p.m.

A Christmas Eve service will be held at Namao United Church at 7:30 p.m.

Namao 60+ Club are holding a Christmas luncheon at 12 o'clock noon at the Namao Community Hall on December 16. All senior citizens of the Namao district are invited to attend. Dona-

Laurel Elaine Horricks graduated from the University Hospital School of Nursing on December 4th, 1976. Graduation exercises were held in the Students' Union Building followed by a banquet and dance at the Convention Inn. Laurel is the daughter of Mr. and Mrs. Bud Horricks of Namao. She attended elementary school at Namao, and high school at Lazerte in Edmonton. Laurel plans to nurse at the University Hospital.

Bon Accord News

By Sadie Allen
The bottle drive for the St. John Ambulance Emergency fund was a tremendous success, so much so, in fact, that the whole district was not able to be covered. Another drive is planned for after the new year and a complete coverage of the entire district will be carried out. If you were one of those missed, call Sandy McDougall, 921-3520 and leave your name. That will insure that you won't be missed the second time. A big thank you to all who contributed bottles and volunteer labor vehicles.

Mrs. Knapp, former resident of the district, passed away on December 2nd from a heart attack and was buried at Rife on Saturday. Sympathy of the district is extended to Roger and Edie and the rest of the family.

CHRISTMAS SERVICES

The Bon Accord United Church family service will be held on December 19 at 9 a.m. The Sunday School Christmas celebration will be held on December 19 at 7 p.m. There will be a period of fellowship and refreshments following. Everyone is cordially invited to attend.

There will be a Christmas Eve Communion Service at the United Church on December 24 at 9 p.m. Everyone is invited to join the congregation in this celebration.

Ukrainian Catholic services will be held on December 12 at 2 p.m. in Redwater, December 19 at 2 p.m. at Fedorah, Christmas Day service on December 25 at 10 a.m. at Redwater, December 26th at 11 a.m. at Waugh and December 27 at 11 a.m. at Fedorah.

The Bon Accord School Christmas concert will be held on December 16 at 7:45 p.m. in the school. The volleyball tournament for both boys and girls will be held at Gibbons on December 11 with the girls first game going at 9:30 a.m. and the boys' first game at 10 a.m.

For some reason the Community Christmas Card turned into a Christmas hamper last week. However, it is a community Christmas card. For \$5 which can be left at the Village Superette, you can have your name on the card and send greetings to all your friends and neighbours.

All proceeds go towards the community recreation projects.

The pee-wee hockey team has had two exhibition games, losing to Morinville B team by 5-1 and tying Gibbons 2-2 with goals by Colin Spencer and Danny McKay. In their first league game against Morinville on December 4 the boys lost 10-2. With ice in our own arena now, all players will be able to get in the practice that is so vital to all sports. Better luck with your next game, boys.

ATTENTION - VOLUNTEERS AND DRIVERS

There will be a meeting for all those who are interested in being volunteers and drivers for the ambulance on December 15 at 7:30 p.m. at the school. It's time to get organized to get the Emergency Service back into operation again. Drivers require a class 2 license.

Belly dancing will get underway in the new year. If you are interested and want more details, contact Donna Lemke 921-3567.

Birthday greetings go out to three of our senior citizens this week. Congratulations and best wishes to Martha Ruff, celebrating her 71st birthday on December 12, to Jack Strawson, celebrating his 70th on December 15 and to George Carleton, celebrating his 78th in Niland, California, on December 17. Many happy returns to you all.

Get well wishes are extended to Mrs. Jenny Malanichen in the Royal Alex and Mr. Keith Whitson in Sturgeon General.

The bingo jackpot is now \$325 in 55 numbers. Winner

of the consolation was Dean Draper. The bonanza was won by Mrs. Ann Schoonmaker from Hanna, Alberta.

HISTORY BOOK

Enquiries have been received in regard to the Bon Accord history, Leaves of Yesteryear, all copies of the first edition having been sold out some years ago. Before another printing can be considered, those in charge would like to get an idea of how many would be interested in getting the book. Anyone who is may contact any of the following numbers: Pauline Mansfield, 921-3625, Joan Hill, 921-3674, Norma Bunnell, 921-3546, Sadie Allen, 921-3813 or Hilda Milligan, 921-2383.

The Golden Gems Senior Citizen Club enjoyed a social afternoon, courtesy of the Anglican Church Women on Sunday afternoon on December 5th. A short program of songs by Mrs. Norma Bunnell and Irish Dancing by Rita Allen and Carol Murphy followed by two accordion solos by Carol was thoroughly enjoyed all present. A lovely lunch was served following the program. A very special thank you is extended from the Golden Gems to the ACW and to the Guides who served the lunch.

A reminder to the young folk of the children's' toy sale from 7 - 8:15 on Monday, December 13 in the Bon Accord Community Centre.

A reminder to all of the Christmas bake sale sponsored by the Golden Gems which will be held in the BACC on December 15 from 7 - 9 p.m.

Golden Gems will meet in the Community Centre on

Tuesday, December 14 at 1:30. The baby doll which was raffled by the ACW was won by Mrs. Glenda Hill of Sherwood Park.

Mr. and Mrs. Cecil Bishop are pressed to announce the

arrival of their first grandchild and the first great grandchild of Mrs. Sadie Frisky, a boy, Brent Cecil Aasen, 8 lbs. 4 ozs. on December 1st. Both mother and son are doing fine.

Sturgeon Regional Recreation council

ADULT SWIM LESSONS

Learn to Swim lessons for adults will begin January 12th at O'Leary Pool from 9:10 to 10:10 p.m. The classes will be held every

Wednesday night for 10 weeks. For further information contact Sturgeon Regional Recreation at 939-4317. There is a registration fee of \$3.00 per swimmer.

Riviere Qui Barre turkey bingo

By Sharon Bokenfohr
The Camilla 4H Clothing Club is planning a turkey bingo at 8 p.m. on Friday, December 17 in Riviere Qui Barre. Admission will be \$2 per person, which will provide one card. Extra cards will be \$5 each or \$1.00. There will be 10 Grade A

turkeys as prizes and 10, \$10. prizes as well with 20 games in all.

We are also planning an Italian raffle with various prizes that evening. Refreshments will be served.

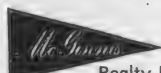

This is our major fund raising project so we hope everyone will support us.

Sturgeon Valley 4H Dairy News

By Daniel Majew
November 24th the Sturgeon Valley 4H Dairy Club held its second meeting. Betty Kushak brought the meeting to order. The Christmas party was discussed and will be held at Mr. and Mrs. Melvin Kushak's combined with our monthly meeting on December 22 at 8 p.m. The

exchange of names took place with everyone looking forward to the next meeting. Record books were handed out and explained to the first year members. The schedule of meetings and club activities which are to take place during the year was given out to each member. Lunch was later enjoyed by members and parents.

DECEMBER 3 & 4 - WILD ROSE COUNTRY

Calahoo and District News

By Liz McLeod

North to Alaska became a reality for the Peter McLeods' and sister Mrs. N. Hills Gibbs from Edmonton, when they travelled by air to Anchorage on Nov. 16 to attend their cousin, Bruce Zmuda's wedding on November 19th.

Being worried about meeting the plane, not knowing who they'd be looking for, Bruce and his fiancée Patricia Juddins were happy to have his parents, George and Babe Zmuda fly in from Waterloo, Wis., just 20 minutes before the McLeods' party.

A friend of Bruce's offered his station wagon, so George and Babe accepted and we were off to their son's home in Eagle River which was home for the week.

We are told in Calahoo the weather never gets too

cold nor too hot, due to a "Japanese" current. Anchorage is a large thriving city. We noticed the main streets are all one way as far as traffic goes.

Everything is newly constructed since the earthquake so they have good roads, mostly paved even in the outskirts, and what was once described as a cow trail is now a four lane highway to Eagle River, 14 miles north.

We could view Mt. McKinley on a clear day supposed to be the highest mountain in North America. Also they all cross the Sleeping Lady across from Cook Inlet.

We visited Frank and Ann Hardee, Lorne and Lenore in Anchorage. Anne grew up in Calahoo's Green Willow district and is Joe and Emma Rothwell's second daughter. They took us sightseeing

to places our cousins didn't, so we saw a good deal of the city. We had a warm welcome from all the people we met, our cousins and the Hardeys.

4:00 a.m. came early in order to catch our flight home, but Anne saw to it we were checked in and waiting. This fabulous visit will live in memory as well as our first experience sleeping on a waterbed - so popular there.

A change is as good as a rest. This proved right for Lloyd and Anita Bergstreiser when they left their sons, Terry and Harvey at grandparents, the Willie Busch's of Alberta Beach and motorcade, to visit Anita's sister and family, Garfield and Mary-ann Vikke and daughter, Aaron Feline, born June 25th. Then on to Saskatoon where

her other sister lives.

Vic and Sharon Lalonde were happy to have these travellers, and the week sped by quickly.

Thoughts of home in Clmont were remembered when Edith Sierpinski (nee Zornes) stopped to visit with this correspondent, while it was really good to hear that Edith's mother, Mrs. J. Grace Zornes is still in good health and living in Edmonton. Our parents were next door neighbors down on the farm in the early 1930's.

Hans and Marianne Lummer enjoy visits to their uncle, Mr. Joseph Freitag, on the farm in the Green Willow district.

When Mrs. Fred Madeline Labonte had visitors lately while in the Misericordia Hospital, she was delighted to be able to page through the Calahoo Trails history book and see her and her family's picture and story therein.

I understand it is also a great source of pleasure for Mrs. H. Theresa Kaup.

Mary Pauluk was a most welcome visitor to the Erwin Lischewski's recently. Lillian and Mary were good neighbors in Jasper, Alberta, before Lischewski's moved to Green Willow district of Calahoo.

The Lloyd Bergstreiser's were invited to a dinner guests to the Doug McLeod's in Spruce Grove. While preparing to leave Lloyd had a call to come to a point near Namoo. Doug's vehicle broke down and he needed a tow home. The family got together and although dinner was quite late, Terry, Harvey and Cameron certainly enjoyed togetherness, as did their parents.

Leo and Evelyn Paquette, Jason and Barbara spent a Sunday last week, travelling first to Barrhead, taking their helper, Norman Cole, to visit with his parents. Then on to Fort Assiniboine to visit and dine with good friends - The Tony Hewko's, at their hotel and trailer park. On another recent occasion Leo and Evelyn went to Westlock and visited former neighbors, Alvain and Theresa D'Hoed.

When Sanguo Women's Institute, together with Cosmo and Roydale decided to gather, they felt they'd like to hear about the FWIC

convention and the Alberta guided tour connected with it.

To this end they invited Mrs. J. Elsie Williams of Onaway to show her slides and Mrs. K. Dalheim and Mrs. P. McLeod to show their pictures and the three to describe their journey. Mary and Liz wore the Alberta Tartan blazers that made such a hit at Convention.

Calahoo is a beehive of activity these days.

The soft leather course was successful and the participants can now carry on making their winter togs. Ceramics is still going strong with Mrs. G. Angie Moellmann at the helm. The play school offers much for the preschooler and Brownies gain much from their activities.

The garage in Calahoo now

has a proprietor and one is able to buy gas, oil and propane. Fred Gosman has moved his home on to the site.

Residents also appreciate new stockeepers (Pana) Andrew and Carol Patrick who have been open a year last May. Not forgetting our good postal service - Walter and Mary Victor make their imprint also.

St. Catherine's Parish, under Mrs. Barney Bun O'Neill's direction, is trying to start a social card night in Calahoo for 18 years old and over, each Tuesday evening in the church basement.

If there is enough interest shown they will give prizes in the spring for the highest scores and each week one could win also.

Here's a chance to get out for an evening folks. Please Turn to Page 36

"Calahoo Trails" history arrives

By Liz McLeod

There was jubilation in camp when the Calahoo Women's Institute met on November 23 at the home of Mrs. Peter McLeod.

The Calahoo History Book finally arrived and from all reports, it is being much enjoyed by those who have received their orders.

In order to introduce "Calahoo Trails" to the public the hall in the Calahoo Arena has been booked for an oldtime dance, December 11th with "The Travelling Rangers" and the WI are hoping Lieutenant-Governor Ralph Steinhauser will be present.

For the oldtimers who came to this district on or before 1911, an invitation will be sent but we do want each and everyone of you to come and help us introduce this fine history and enjoy visiting with the pioneers and enjoy good oldtime dancing, starting at 8 p.m. Posters will be going up but keep this date open.

Treasurer's report given, and a newsletter from Prov. Pres. Betty Ballhorn was read, in which she sent the rules and lists of the Creative Writing, J. P. Coates Competition and Quilts for the coming year. She also noted that the Women's Institutes raised \$700 for the UNESCO gift coupon.

A letter from John Melcher on R.E.D.A. was on leadership skills. He is director of Youth and Community Services, and advised that there will be a President

and Secretary Staff Development for Rural Alberta Seminar at Banff Centre, January 12th through 16th, 1977 for a maximum of 30.

Mrs. Annie Norris has donated a plaque for Calahoo WI's Horticultural show, for the Grand Aggregate Winner, and it was decided to send her a thank you card.

Annie sent her best wishes to all of her former group and for her, it is a dream come true, to see the Calahoo history preserved. She still keeps records and clippings of this district's progress.

The roll call was - "Give your views on our meeting procedures" and were developed on our ideas. In general the feeling was to stick to basics during the meeting and return to having speakers to keep up interest.

The meeting was the annual meeting and new posts were filled: President - Mrs. Liz McLeod, Calahoo; Vice-Pres. - Mrs. Fred Wheately, Onaway; Secretary - Mrs. Jack Dalheim, Spruce Grove; Treasurer - Mrs. Glenn Berry, R.R.1 St. Albert; Directors - Mrs. Roy Schermermund, Calahoo; Mrs. Vic Albrecht, Onaway; Mrs. John Thatcher, Calahoo; Horticulture - Mrs. Vance Berry, Mrs. K. Dalheim, Mrs. Emmelia Schermermund, Mrs. Margaret Douglas, Mrs. Pete McLeod; Handicraft - Mrs. Betty Albrecht.

The WI world body, the ACWW will be having a stall at the convention in Nairobi, Kenya next year in October and they need all the help

they can get, used stamps as requested and it would help if many people not just WI members would save used stamps off letters - leaving at least a quarter inch all around the stamp. Send them to - Mrs. R. Sant, East Africa Women's League, P.O. Box 40308, Nairobi, Kenya and NOT to ACWW's London Office please. This would help defray the costs at convention.

Emma Dalheim reported that the Remembrance Day service was well attended and that she was honored to represent her group in laying the wreath at Spruce Grove, where her husband Jack was a standard bearer.

Mary Dalheim and Isabel Wheatley gave a report on the AWI sponsored workshop, held in Onaway, November 10th under our constituency convener's direction.

Mrs. Ingrid Boblin of Sanguo was a little disappointed to see so few from the eastern end of the constituency by the 28 who were there enjoyed the learning experience of "Textiles and Window Treatment".

The Brownie Pack of Calahoo received a cheque from the WI for their part in helping sell WI chocolate covered almonds.

The Girl Guides helped also.

Calahoo WI sends a great big thank you out to each and every person who helped sell and who bought so generous.

ously to help pay for the History Book. Anyone wanting this beautiful book may contact Mary Dalheim at 967-5563, Elsie Berry - 459-3291, Daphne Kerr - 967-5611 or Liz McLeod at 967-5622.

Members are reminded to bring a gift and three prizes

to the Christmas party supper for our husbands and family on December 19 at 7 p.m.s

ALICE MAJEAU VISITS CALAHOO GOLDENAGERS

At their meeting November 24th the Calahoo Goldenagers welcomed Mrs. Gibb, Mrs. Kulak and Mrs. Breikreutz from Stony Plain Golden Club and Alice Majeau from Villeneuve.

Mrs. Majeau then stayed on for a visit with her niece, Bun O'Neill.

There was a short business meeting to elect a delegate to attend the Alberta Council on Aging, held in Morinville.

Mrs. Elsie Berry was chosen and in the event she didn't feel well enough due to the flu, Myles and Daphne Kerr would attend.

As it happened they all were able to attend and Rein Selles told Elsie that our

history book looked very good.

At lunch time, happy birthday was sung to Mr. Fred Labonte, whose birthday came on November 26th.

It's nice to see Fred's wife, Madeline holding her own in the Miericordia Hospital.

John and Dena Groppe visited their sister-in-law, Mrs. H. Theresa Kaup, at her home, and we wish these fine members a speedy recovery.

The Club met with the Villeneuve group on December 6th and held their own party on December 8th where gifts were exchanged and supper enjoyed.

Those of you who enjoy playing cards may join in the card night every Tuesday evening in the church basement at Calahoo, for 18 years and older.

There'll be a prize come spring for the highest points

and if there's a good response, hampers will be given each week.

The first meeting was November 16 and while it was enjoyable, they really need a better attendance to make it worthwhile.

The soft leather course was enjoyed by all who took it and the furniture finishing course from November 29th through December 4th. Ceramics classes are also in high gear and playschool.

Calahoo

Cont'd From Page 35
gue game against St. Albert was won 14-1 on goals by Patrick Krauskopf 4, Jay Enright 5, Casey Bentz 2, Jeff White 2 and Chris Lunger 1. Jack Christie played very well in the net.

Cinq Concrete Mite A defeated Redwater 10-3, in their first league game. Goal scorers were Rick Mulligan 3, Mark Carleton 2, Neil Bokenfroh 2, Davin Hansen 2 and Tim Quinn 1. Roger St. Laurent played strong in goal.

PEEWEEES

Pee wee B recorded two wins last week by defeating Mill Woods 5-1 and St. Albert 6-2. Goals were scored by Jimmy Turner 4, Keith Streeter 2, Rodney Rousseau, Ken Chalifoux, Mark Edwards, Mike Cassidy and Richard Carignan with one each.

Pee wee A played their first league game on Saturday, December 4 against Bon Accord, winning 11-2. Goal scorers were Dwight Van Brabant 4, Curtis Waraguek 2, Kevin Ramer 2, Keven Cassidy 1, Paul Schafers 1 and Brad Hooper 1.

BANTAMS

Bantam B beat St. Albert 5-3 last Saturday on goals by Dan Lemieux 2, Louis Taillier 1, Dwayne Ellis 1 and Danny Schindeler 1.

Bantam A played their game last Friday, December 3 and won 8-4 against Enoch. Goals were scored by Dan Blackburn 2, Robert Wojkiw 2, Larry Hunter 1, Rod Bland 1, Jamie Kryskow 1 and Mark Gibeau 1.

Coaches please phone in scores to me by Sunday evenings. Phone 939-4145.

CURLING NEWS

Morinville Curling Club is going to hold a "Turkey Shoot" on Sunday, December 12 at 1 p.m. at the Agriplex. Last week winners of the turkey shoot were: Bob Arnold, Jerry Yacyshyn, Al Davies, Eugene Geoffrey and Jack Ruiters.

Legion Funspiel will be held Saturday, December 11 at the Agriplex. Phone Ken Gowler at 939-4421 or Al Davies at 939-4152 for more information.

Morinville Shaver A beat Redwater Saturday, December 4, 9-0. Goal scorers were Riel St. Laurent 2, Joel Chevalier 2, Darrel Oleski 2, Serge Ferment 2 and Jaron Lamheri 1.

Lions

Con'd From Page 27
conducted the induction of members ceremony on behalf of the St. Albert Breakfast Lions (who were chartered in 1969).

"We are pleased to extend the privilege of belonging to the world's greatest service organization to service-minded men in Legal," said Dr. Cuts. "This induction is an auspicious occasion with 42 initial members, including quite a few young men." On behalf of the St. Albert Breakfast Lions Club he expressed the club's pleasure and pride in inviting the Legal members into the fraternalism of international Lionsism, a brotherhood of

over one million members, with 29,916 clubs, and represented in 149 areas of the free world. "The honour is all the greater because you did not seek it," said Dr. Cuts.

He called on Tom Flynn to read the Lions Code of Ethics and President Gene Scantland presented the Objectives of Lions. Dr. Cuts then impressed on each of the new members that the privilege of becoming a Lions member also entails obligations. "You are a group of men banded together to do things which you cannot do as individuals," he said. "As you progress in Lionsism you will see the success of shared efforts and humanitarian

work, but this will not be possible without co-operative effort. The rewards are great."

He told the Legal Lions that working together with other men they would see the needs and problems of the community and would work as good citizens and good neighbours to express the goodwill that is in their hearts.

The Legal members repeated the Lions pledge and were presented with the emblem "To wear with pride" and welcomed to Lions International as Dr. Cuts concluded the ceremony. Lions kits were distributed by past-district-governor Rippe and the club was

presented with a certificate of membership.

OFFICERS INSTALLED

Past District Governor Angus Murray conducted the official installation of officers, noting that they would likely serve a year and a half and the normal year-end is in June. As the officers were inducted Mr. Murray ran through the list of duties of each, and the final collective promise of the club.

Bernard Fizer is the charter president and serving with him are Emil Yereniuk, secretary; Richard Smith, treasurer; Darryl Derouin, 1st v.p., Wayne Neigel, 2nd v.p., Laurier Brisson, 3rd v.p., Walter Van de Walle, Lion Tamer and Real Durocher, Tail Twister. Directors are Art Morin, Gordon Bruce, Don Rempel and Wm. P. Taylor.

District Governor Canning presented President Bud Fizer with a gavel, a president's pin and a book, before making the high presentation of the Charter. Pointing out that the Magna Carta was the greatest of all charters, Mr. Canning said that the charter into the International Association of Lions Clubs was an evidence of faith, committing Lions to obey the laws of the land, to brotherhood and to uplifting

their communities. "It is a pledge of sovereignty, authority for the promotion of good government and good citizenship, and a pledge of support for the moral welfare of the community," he said. He placed the charter in President Fizer's hands "for safekeeping, bringing your club into District 37B under the International Lions constitution of laws for safe conduct, along with the seal and colours of International Lions. The colours enhance the principles and purposes of Lionsism, he said. Purple, for Christ's robe at the crucifixion, signifying also kingship and loyalty and gold the colour of Christ's aura, signifying health, happiness and honour.

CHARTER ACCEPTED BY PRESIDENT FIZER

President Bud Fizer accepted the charter, saying it was an honour to become part of this body of men, sincerely service-minded, who give of their minds, their work and their pocket books. "We will strive to follow the Lions motto, We Serve in all our endeavours, with service founded on the Golden Rule. As the first president I accept the responsibility of office and pledge my fullest cooperation along with the directors to give the community a

helping through work and service. Where there are urgent needs, our Lions Club will respond to those needs," said Mr. Fizer. Men and nations serving one another without thought of personal gain - that will be my motto for my team."

DR. CUTS RECEIVES AWARD

A presentation of a medal to Dr. Cuts followed by District Governor Canning in recognition of his service through spearheading the sponsorship of four new clubs. "The extension award No. 4 is one of which there are not too many around," said Professor Joao Fernando Sobral, a Brazilian, President of Lions International to the District Governor.

Past Governor Rudy Rippe, saying that Lions need tools, presented, on behalf of all Lions of District 37B a gong to go with the gavel, a folding podium and a picture of the Queen, adding that the club banner is yet to come. He also presented a guest register. "Which you can start tonight with 16 visiting clubs."

Winning ticket of a 25 cent raffle was drawn and the proceeds of \$100 turned over to the Legal Lions for their convention fund.

Legal Locals

LEGAL LIONS CLUB CHARTER NIGHT

By Connie Maurier
The Legal Community Hall was filled on Friday evening, December 3 as the Legal Lions Club began their celebration for their charter night with some 275 people attending the banquet.

The names for the charter members 1976 of the Legal Lions Club are President, Bernard Fizer; Secretary, Emil Yereniuk; Treasurer,

Richard Smith; 1st vice-pres. Darryl Derouin; 2nd vice-pres., Wayne Neigel; 3rd vice-pres. Laurier Brisson; Tail Twister, Rene Durocher; Directors: Art Morin, Gordon Bruce, Don Rempel, Wm. P. Taylor. The other Lions are Wm. Baird, Wm. Barry, Maurice Charois, Art Derrien, Marcel Dube, Peter Finstad, Henry Fournier, Yvon Gagnon, Roger Holten, Marcel Kremer, Lloyd Labrecque, Dennis Limoges, Ralph Lewis, Lin L'Heureux, Leo Maurier, Sigmund Mayeshi, Robert Parent, Gaston Parent, Marcel Pelletier, Roger Pelletier, Rene Shank, Denis Stady, Gerald St. Jean, Maurice St. Jean, Rodney St. Martin, Marcel St. Onge, Gilbert Thomas, Peter Titirny, Robert Turenne, Walter Van de Walle.

There were presentations made and then the celebrations were moved upstairs to the dance floor where everyone enjoyed themselves to the music of the "Moonshine Boys."

Throughout the evening numerous different contest and raffles took place. There were door prizes and spot dancing also. The charter night was a great success!

The next meeting for the

Legal Lions is scheduled for Wednesday, December 15th - at the usual place.

In the Letourneau and Montpetit wedding write up the names of the four groomsmen were omitted by mistake. The groom's attendants were Tom Laberge, Claude Letourneau, Darcy Brisson and Emile Larose.

Congratulations to Rene and Marlene Shank upon their new addition to the family. On November 24 Marlene gave birth to a 6 lb. 5 oz. baby boy at the St. Albert Hospital. The name chosen is Jerrod Scott. His godparents are Rod and Elaine Feser of Edmonton.

The ice resurfacing machine is now being set up for operations. The Legal Welding Shop is where it is till its ready. This machine is of great necessity to our arena and the Legal senior hockey team accepted the financial responsibilities. They are hoping that they will get the support and co-operation from enough people to help pay for it. If in question about the value and necessity of this unit you can contact Claude Maurier at 961-2493, and any personal donations will be accepted.

A HOME IS TO LOVE

We don't believe in falling for just a shade tree or a little brook. But we feel you should be enthusiastic about the home you buy.

As long as a house is satisfactory to you in other ways, there really SHOULD be something that turns you on -- one particularly charming feature, perhaps, or just a certain feeling.

We'll try hard to find the home you'll be happy in -- a sensible buy with that "icing on the cake" that makes it special.
